Re: Transfer of Ownership

If you are a Title V federal operating permit holder, Title 30 Texas Administrative Code § 122.211 requires that changes to the permit identification of ownership or operational control of a site are administrative revisions to the permit. Such changes must be facilitated by a written agreement containing a specific date for transfer of permit responsibility, coverage, and liability between the old and new permit holder. This written agreement must be maintained with the permit.

In order to facilitate the administrative revision, please submit the Air Permits Division Change of Name/Ownership form (TCEQ-20405) or the following forms: OP-2 and OP-CR01. Also, make sure the information requested on form OP-1 sections I; II A and B; and VI is submitted in the revision application along with an indication of permit responsibility, coverage, and liability between the old and new permit holder.

Any questions regarding the administrative revision to the federal operating permit may be directed to Mr. Bernard Tupa at (512) 239-1150.

Thank you for informing us of this ownership change. If you have any questions regarding this letter, please feel free to contact me at (512) 239-1084.

Sincerely,

Jacque Scarmardo
