Re: Standard Permit Registration Renewal Notification

A fee based on the schedule indicated in 30 TAC § 116.614 must be submitted with this application. Upon receipt of your application, a determination will be made based on the number and type of emission points, emission rate and type of air contaminant, as to the need for you to furnish atmospheric dispersion modeling to determine the impact of emissions on the surrounding area.

Any application submitted by a person/entity who is delinquent on a fee and/or penalty will not be declared administratively complete until the fees/penalties are paid and/or current. Similarly, final action will be withheld by the agency on an application if it is discovered after the application is considered administratively complete that the owner/entity who submitted the application is delinquent on fees and/or penalties until such time as the fees/penalties are paid and/or current. You may visit the agency Web site for additional information at www.tceq.texas.gov/agency/delin/index.html.

If we may be of any assistance to you in this matter, you may contact the staff of the Air Permits Initial Review Team or you may contact me at (512) 239-1250.

If you are a Title V federal operating permit holder, Title 30 Texas Administrative Code § 122.211 requires that changes to the permit identification of ownership or operational control of a site are administrative revisions to the permit. Such changes must be facilitated by a written agreement containing a specific date for transfer of permit responsibility, coverage, and liability between the old and new permit holder. This written agreement must be maintained with the permit.

Dear Mr. Berg :

Thank you for the letter dated January 10, 2011, notifying us of the ownership change. Your letter states that Braskem America, Inc., is now the Owner and Operator of the facility listed above. The following air authorizations have been updated to reflect the transfer.

Permit/Reg. Numbers:	Permit/Reg. Expiration Dates:	County:	Previous Permittee/Registrant:
81336	N/A	Harris	Sunoco Inc. (R&M)
5572C	N/A	Harris	Aristech Chemical Corporation
70549	N/A	Harris	Sunoco Inc. (R&M)
54401	04/01/2013	Harris	Sunoco Inc. (R&M)
53042	11/19/2012	Harris	Sunoco Inc. (R&M)
41949	N/A	Harris	Aristech Chemical Corporation
40591	N/A	Harris	Aristech Chemical Corporation
5572B	08/18/2016	Harris	Sunoco Chemicals Inc.

We understand that there will be no change in the type of pollutants emitted and no increase in the quantity of emissions. As the new permittee of the facility, you have committed to maintain compliance with all air quality regulations of the Texas Commission on Environmental Quality (TCEQ) and the requirements of this permit at all times.

If you are a Title V federal operating permit holder, Title 30 Texas Administrative Code § 122.211 requires that changes to the permit identification of ownership or operational control of a site are administrative revisions to the permit. Such changes must be facilitated by a written agreement containing a specific date for transfer of permit responsibility, coverage, and liability between the old and new permit holder. This written agreement must be maintained with the permit.

Mr. Edward Berg

Re: Transfer of Ownership

In order to facilitate the administrative revision, please submit the Air Permits Division Change of Name/Ownership form (TCEQ-20405) or the following forms: OP-2 and OP-CR01. Also, make sure the information requested on form OP-1 sections I; II A and B; and VI is submitted in the revision application along with an indication of permit responsibility, coverage, and liability between the old and new permit holder.

Any questions regarding the administrative revision to the federal operating permit may be directed to Mr. Bernard Tupa at (512) 239-1150.

Thank you for informing us of this ownership change. If you have any questions regarding this letter, please feel free to contact me at (512) 239-1084.
