FOLDER PREPARATION

- Prepare file folder for public file (Non-Confidential Information only) File
- Prepare Confidential file folder if applicable

IMS PROJECT CREATION (Ensure you enter the following into IMS based on info on the application)

- Verify company name in SOS - Note Tax ID: _____ and Business Type _____
- Check for **duplicates**: From NSR home page search by permit number/RN/Customer Name - use fee information and rule numbers
- Verify you have the correct RN by address/name
- New CN/RN - Research to make sure you are not creating duplicate CN or RN
- For all rules except 261, 262 - identify previous permit number to use for alteration if one exists with same rule number.
- New project number: _____
- Complete project detail, edit RN/CN, edit permit, contacts, rules, fee payment, assign staff, tracking elements, attributes, public notice, notes, and links sections as required.
- Commit to central registry

Application File Review

- **REGION 12** - Check for Houston Air Toxics applications - email to Johnny and Don
- Apply in ePay if paid by voucher / Enter fee amount / Enter payment number / Copy of check in file
- Note **Deficiencies** with application
- **PUBLIC NOTICE** - see Public Notice checklist
- **Site Review** - From APD menu (APIRT/NSR/Request for Comment/Permit by Rule) Enter project number & today's date/Select recipient (ART/etc.) / Send email = YES /Change Information as needed (Date / Contact information /Punctuation on Company name and address/ Local Program Y N) Profile electronic copy- "Save as a new document" - follow profiling guidelines / **From email, must delete file that automatically attaches and then attach the file you just profiled and then send/Print site review for the file** / Print properties page of email and place in file with site review print out /Update tracking elements

FINAL REVIEW SECTION - Before transferring the file, please ensure the following items have been completed:

- Add **staff assignments** (Technical Engineer Team)
- Enter **Transfer Date** in tracking
- Verify **signature** on application. Applies only to PI-1 forms. If not signed and box IIIa is checked yes - don't need this form - call them. If original signature not provided, create note to technical staff regarding original signature. No signature required for PBR's unless the PI-7 Cert Section IIIa is checked yes.
- Print **completed mikey** and place in file
- Check **file label** to verify information remained the same
- Include **hard copy of all emails** in file (sent and received from CR, customer, APIRT, etc.) / Include phone log for all calls
- Confirm that all required IMS updates and **tracking elements** were entered on the project record (as applicable)
- Confirm **SITE REVIEW** completed as appropriate
- Confirm **PUBLIC NOTICE** completed as appropriate
- Confirm **LEG LETTERS** completed as appropriate
- Finish **checklist** on left side of file (PS 1's only)

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
Protecting Texas by Reducing and Preventing Pollution

August 18, 2008

MR CHARLES D WELLS
VICE PRESIDENT GENERAL MANAGER
ALAMO CONCRETE PRODUCTS LTD
PO BOX 34210
SAN ANTONIO TX 78265-4210

Permit by Rule Registration Number:	85638
Location/City/County:	On FM 1021, 2.5 miles south of the intersection with FM 3443, Eagle Pass, Maverick County
Project Description/Unit:	Eagle Pass Plant
Regulated Entity Number:	RN102167442
Customer Reference Number:	CN600240212
New or Existing Site:	Existing
Affected Permit (if applicable):	None
Renewal Date (if applicable):	None

Alamo Concrete Products, Ltd., has registered the addition of a storage silo at the Eagle Pass Plant under Title 30 Texas Administrative Code § 106.144. We understand that the silo is needed for additional cement storage capacity for the "Border Fence" project in the Eagle Pass area. The specs for this project require a different type of cement other than the normal Type I. This addition will not cause an increase in production capabilities and emissions.

For rule information see www.tceq.state.tx.us/permitting/air/nav/numerical_index.html.

No planned MSS emissions have been represented or reviewed for this registration. The company is also reminded that these facilities may be subject to and must comply with other state and federal air quality requirements. This registration is taken under the authority delegated by the Executive Director of the TCEQ. If you have questions, please contact Ms. Nancy Akintan at (713) 767-3773.

All analytical data generated by a mobile or stationary laboratory to support the compliance with an air permit must be obtained from a NELAC (National Environmental Laboratory Accreditation Conference) accredited laboratory. For additional information regarding the laboratory accreditation program, please see the following website which includes the accreditation and exemption information:
http://www.tceq.state.tx.us/compliance/compliance_support/qa/env_lab_accreditation.html.

No Represented Emissions for the project.

Sincerely,

A handwritten signature in black ink, appearing to read "Anne M. Inman".

Anne M. Inman, P.E., Manager
Rule Registrations Section
Air Permits Division

cc: Air Section Manager, Region 16 - Laredo

GENERAL RULES CHECK	YES	NO	COMMENTS
Is confidential information included in the application?		X	
Are there affected NSR or Title V permits for the project?		X	No other pending action in the IMS
Is each PBR > 25/250 tpy?		X	
Are PBR sitewide emissions > 25/250 tpy?		NA	Site has gone through Public Notice
Are there permit limits on using PBRs at the site?		X	
Is PSD or Nonattainment netting required?		X	PSD or Nonattainment netting are not required.
Do NSPS, NESHAP, or MACT standards apply to this registration?		X	NSPS, NESHAP, or MACT standards are not applicable.
Does NOx Cap and Trade apply to this registration?		X	NOx Cap and Trade are not applicable.
Is the facility in compliance with all other applicable rules and regulations?	X		

DESCRIBE OVERALL PROCESS AT THE SITE
Alamo Concrete Products Ltd operates the Eagle Pass Plant - sand and gravel extraction and processing facility located on FM 1021, 2.5 miles south of the intersection with FM 3443 in Eagle Pass, Maverick County. This registration will authorize the addition of a storage silo under 106.144.

DESCRIBE PROJECT AND INVOLVED PROCESS
<p>Raw material, i.e. sand, gravel, crushed limestone, cement, and fly ash are transported to the plant via tandem trailer and cement tanker trucks, which enter the plant through the driveway fronting FM 1021. The sand and aggregate are unloaded and stockpiled at the site (EPNs: 1-4). The bulk cement and fly ash are unloaded into the elevated silos through pressurized lines from the transport to the top of the silo (EPNs: 5 & 6). All haul trucks exit the plant through the driveway fronting FM 1021.</p> <p>The process by which ready mix concrete is batched for sale begins with the charging of load hopper (EPNs: 10) with sand and aggregate from various stockpiles by a front-end loader. The material is then conveyed to the overhead aggregate bins (EPNs: 7). From the overhead aggregate bins, the material is gravity loaded into the aggregate weigh batcher (EPNs: 9). From the aggregate weigh batcher the material is conveyed to the truck charging chute (EPNs: 11). Simultaneously while the sand and aggregate are being weighed out, the cement/fly ash is loaded into the cement weigh batcher through an enclosed auger system (EPNs: 8). A proportioned amount of water is deposited into the mixer truck through the charge chute (EPNs: 11). The materials are loaded into transit mix trucks through the truck charge chute (EPNs: 11). Emission points #5, 6, 8 and 11 are vented to the central dust collector (EPNs: 12). After the transit mix trucks have been loaded with concrete mixture they depart the plant site via the driveway on FM 1021.</p> <p>The project will not result in any increase in production or emissions. Company is authorizing the storage silo which is routed to the central dust collector. Every other equipment, production and emission rates remain the same. The silo is needed for additional cement storage capacity for the "Border Fence" project in the Eagle Pass area. The specs. for this project require a different type cement other than the normal Type I. This addition will not cause an increase in production capabilities.</p>

TECHNICAL SUMMARY - DESCRIBE HOW THE PROJECT MEETS THE RULES
<p>Compliance with 106.144:</p> <ol style="list-style-type: none"> The facility will only handle bulk minerals. The facility will not handle asbestos. All material shall be transported in a closed conveying system and all exhaust air to the atmosphere shall be vented through a central baghouse filter having a maximum filtering velocity of 4.54 feet per minute (ft/min) with automatic air cleaning. All permanent in-plant roads and vehicle work areas shall be watered, paved and cleaned as necessary to achieve maximum control of dust emissions. The facility (including associated stationary equipment and stockpiles) shall be located at least 300 feet (460 feet) from any recreational area, school, residence, or other structure not occupied or used solely by the owner of the property upon which the facility is located. Table 11, Table 20 and Form PI-7 has been submitted to register the project. <p>Company represented that the silo will remain as a working silo at the site after the Border Fence project.</p>

I. REGISTRANT INFORMATION			
A. TCEQ Customer Reference Number: CN- 600240212		TCEQ Regulated Entity Number: RN- 102167442	
<i>Note: If "NO," CN or RN number was entered above; please fill out the required Core Data Form, which will be available in Step II of the submittal process.</i>			
B. Company or Other Legal Customer Name: ALAMO CONCRETE PRODUCTS, Ltd.			
Company Official Contact Name: CHARLES D. WELLS		Title: V.P / GENERAL MANAGER	
Mailing Address: P.O. BOX 34210			
City: SAN ANTONIO		State: TX	Zip Code: 78265-4210
Phone No.: 210208-1550	Fax No.: 210-208-1553	E-mail Address: cwells@alamoconcrete.com	
C. Technical Contact Name: WALTER D. SCOTT III, P.E.			
Company: ALAMO CONCRETE PRODUCTS, Ltd.			
Mailing Address: P.O. BOX 34210			
City: SAN ANTONIO		State: TX	Zip Code: 78265-4210
Phone No. : 210-215-4554	Fax No.: 210-208-1553	E-mail Address: wdscottiii@alamoconcrete.com	
D. Facility Location Information - Street Address: 74 COUNTY RD. 523			
<i>If "NO," street address, provide written driving directions to the site: (attach description if additional space is needed)</i>			
FM 1021 S 3.6 MILES FROM BIBB AVE. SW SIDE OF FM 1021			
City: EAGLE PASS		County: MAVERICK	Zip Code: 78852
II. FACILITY AND SITE INFORMATION			
A. Name and Type of Facility:			<input checked="" type="checkbox"/> Permanent <input type="checkbox"/> Portable
B. PBR claimed under 30 TAC § 106 (List all that apply in hard copy, or choose all that apply from the drop down menus in electronic version):			
§ 106. 144 Bulk Mineral Handling		§ 106.	
§ 106.		§ 106.	
§ 106.		§ 106.	
Are you claiming a historical standard exemption or PBR?			<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO
If "YES," enter effective date and Rule Number:			

pro 139791

**Texas Commission on Environmental Quality
Registration for Permits by Rule (PBR)
Form PI-7 Submission Form**

II. FACILITY AND SITE INFORMATION			
C. Is there a previous Standard Exemption or PBR for the facility in this registration? (Attach details regarding changes)			<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO
If "YES," enter Registration Number and Rule Number:			
D. Are there any other facilities at this site which are authorized by an Air Standard Exemption or PBR?			<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
If "YES," enter Registration Number and Rule Number:			45515 <i>PBR 201</i>
E. Are there any other air preconstruction permits at this site?			<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO
If "YES," enter Permit Numbers:			
Are there any other air preconstruction permits at this site that would be directly associated with this project?			<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO
If "YES," enter Permit Numbers:			
F. Is this facility located at a site which is required to obtain a federal operating permit pursuant to 30 TAC Chapter 122?			<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO <input type="checkbox"/> To be Determined
If the site currently has an existing federal operating permit, enter the permit number:			
Identify the requirements of 30 TAC Chapter 122 that will be triggered if this claim is accepted: (check all that apply)			
<input type="checkbox"/> Initial Application for an FOP <input type="checkbox"/> Significant Revision for SOP <input type="checkbox"/> Minor Revision for SOP			
<input type="checkbox"/> Operational Flexibility/Off Permit Notification for an SOP <input type="checkbox"/> Revision for GOP <input type="checkbox"/> To be Determined <input checked="" type="checkbox"/> None			
Identify the type(s) issued and/or FOP application(s) submitted/pending for the site: (check all that apply)			
<input type="checkbox"/> SOP <input type="checkbox"/> GOP <input type="checkbox"/> GOP application/revision application: (submitted or under APD review)			
<input type="checkbox"/> SOP application/revision application: (submitted or under APD review) <input checked="" type="checkbox"/> N/A			
G. TCEQ Account Identification Number: (if known)			
III. FEE INFORMATION			
To determine if a fee is required answer the following question. If "YES," to question III. A., a fee is not required, skip to Section IV. If "NO," to answer II. A., then go to Section III. B. See Section VI. for address to send fee or go to www.2.tceq.state.tx.us/epay to pay online.			
A. Is this registration an update to a previously registered facility and accompanied by a Certification Form solely to establish a federally enforceable emission limit?			<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO
B. What is the fee amount?			\$450.00

**Texas Commission on Environmental Quality
Registration for Permits by Rule (PBR)
Form PI-7 Submission Instructions**

III. FEE INFORMATION

To determine if a fee is required answer the following question. If "YES," to question III. A., a fee is not required, skip to Section IV. If "NO," to answer II. A., then go to Section III. B. See Section VI. for address to send fee or go to www.2.tceq.state.tx.us/epay to pay online.

If "YES," to any of the following three questions, a \$100 fee is required. Otherwise, a \$450 fee is required.

Does this business have less than 100 employees or have less than 6 million dollars in annual gross receipts?	<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO		
Is this registration submitted by a governmental entity with a population of less than 10,000?	<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO		
C. Check/Money Order or Transaction Number (Payable to TCEQ):	154596	Was fee Paid online?	<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO
Company name of check: ALAMO CONC. PRODUCTS, Ltd.		Fee amount:	\$ \$450.00

IV. SELECTED FACILITY REVIEWS ONLY-TECHNICAL INFORMATION

Note: If claiming one of the following PBRs, complete this section, then skip to Section VI., "Submitting your registration" below:

Animal Feeding Operations § 106.161, Livestock Auction Facilities § 106.162, Saw Mills § 106.223, Grain Handling, Storage and Drying § 106.283, Auto Body Refinishing Facilities § 106.436, Air Curtain Incinerator § 106.496

A. Is the applicable PBR checklist attached which shows the facility meets all general and specific requirements of the PBR(s) being claimed?	<input type="checkbox"/> YES <input type="checkbox"/> NO
B. Distance from this facility's emission release point to the nearest property line:	N/A feet
Distance from this facility's emission release point to the nearest off-property structure:	N/A feet

V. TECHNICAL INFORMATION INCLUDING STATE AND FEDERAL REGULATORY REQUIREMENTS
Registrants must be in compliance with all applicable state and federal regulations and standards to claim a PBR.

A. Is Confidential information submitted and properly marked "CONFIDENTIAL" with this registration?	<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO
B. Is a process flow diagram or a process description attached?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
C. Are emissions data and calculations for this claim attached?	<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO
D. Is information attached showing how the general requirements (30 TAC § 106.4) of the PBR is met for this Registration? (PBR checklists may be used, but are optional)	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO

Note: Please be reminded that if the facilities listed in this registration are subject to the Mass Emissions Cap & Trade program under 30 TAC Chapter 101, Subchapter H, Division 3, the owner/operator of these facilities must possess NO_x allowances equivalent to the actual NO_x emissions from these facilities.

E. Is information attached showing how the specific PBR requirements are met for this registration? (PBR checklist may be used, but are optional)	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO

V. TECHNICAL INFORMATION INCLUDING STATE AND FEDERAL REGULATORY REQUIREMENTS <i>Registrants must be in compliance with all applicable state and federal regulations and standards to claim a PBR.</i>		
F. Distance from this facility's emission release point to the nearest property line:	190	feet
Distance from this facility's emission release point to the nearest off-property structure:	460	feet
<i>Note: In limited cases, a map or drawing of the site and surrounding land use may be requested during the technical review or at the request of the TCEQ Regional Office or local air pollution control program during an investigation.</i>		
VI. SUBMITTING YOUR REGISTRATION		
A. FEES – Pick one of the two options below for payment:		
<i>Who</i>	<i>Where</i>	<i>What</i>
1. Fee Paid Online	Go to Website www6.tceq.state.tx.us/epay	No Additional Action Needed
2. Fee Mailed to Revenue Section, TCEQ	Regular, Certified, Priority Mail MC 214, P.O. Box 13088 Austin, Texas 78711-3088 Hand Delivery, Overnight Mail MC 214, 12100 Park 35 Circle, Building A, Third Floor, Austin, Texas 78753	Original Money Order or Check Copy of Form PI-7 and Core Data Form
B. COPIES OF THE REGISTRATION – Copies must be sent as listed below: Processing delays may occur if copies are not sent as noted.		
1. Hard Copy Only Air Permits Initial Review Team (APIRT)	Regular, Certified, Priority Mail MC161, P.O. Box 13087 Austin, Texas 78711-3087 Hand Delivery, Overnight Mail MC 161, 12100 Park 35 Circle, Building C, Third Floor, Austin, Texas 78753 Fax No.: (512) 239-2123 (do <u>not</u> follow fax with paper copies)	Originals Form PI-7, Core Data Form, and all attachments
2. Appropriate local and TCEQ Regional Office Programs	To Find your local or Regional Air Pollution Control Programs go to the TCEQ, APD Website at www.tceq.state.tx.us/nav/permits/air_permits.html or call (512) 239-1250	Copy of Form PI-7, Core Data Form, and all attachments to each office.

Texas Commission on Environmental Quality
Permit by Rule Applicability Checklist
Title 30 Texas Administrative Code § 106.4

The following checklist was developed by the Texas Commission on Environmental Quality (TCEQ), Air Permits Division, to assist applicants in determining whether or not a facility meets all of the applicable requirements. Before claiming a specific Permit by Rule (PBR), a facility must first meet all of the requirements of Title 30 Texas Administrative Code § 106.4 (30 TAC § 106.4), "Requirements for Permitting by Rule." Only then can the applicant proceed with addressing requirements of the specific Permit by Rule being claimed.

The use of this checklist is not mandatory; however, it is the responsibility of each applicant to show how a facility being claimed under a PBR meets the general requirements of 30 TAC § 106.4 and also the specific requirements of the PBR being claimed. If all PBR requirements cannot be met, a facility will not be allowed to operate under the PBR and an application for a construction permit may be required under 30 TAC § 116.110(a).

Registration of a facility under a PBR can be performed by completing Form PI-7 (Registration for Permits by Rule) or Form PI-7-CERT (Certification and Registration for Permits by Rule). The appropriate checklist should accompany the registration form. Check the most appropriate answer and include any additional information in the spaces provided. If additional space is needed, please include an extra page and reference the question number. The PBR forms, tables, checklists and guidance documents are available from the TCEQ, Air Permits Division Web site at www.tceq.state.tx.us/permitting/air/nav/air_pbr.html.

1. 30 TAC § 106.4(a)(1) & (4): Emission limits																			
<p>List emissions in tpy for each facility (add additional pages or table if needed):</p> <table style="width: 100%; border: none;"><tr><td>SO₂ = _____</td><td>PM₁₀ = 0</td><td>VOC = _____</td><td>NO_x = _____</td><td>CO = _____</td><td>Other _____ = _____</td></tr><tr><td>SO₂ = _____</td><td>PM₁₀ = 0</td><td>VOC = _____</td><td>NO_x = _____</td><td>CO = _____</td><td>Other _____ = _____</td></tr><tr><td>SO₂ = _____</td><td>PM₁₀ = 0</td><td>VOC = _____</td><td>NO_x = _____</td><td>CO = _____</td><td>Other _____ = _____</td></tr></table> <p>Total _____ 0 _____</p>	SO ₂ = _____	PM ₁₀ = 0	VOC = _____	NO _x = _____	CO = _____	Other _____ = _____	SO ₂ = _____	PM ₁₀ = 0	VOC = _____	NO _x = _____	CO = _____	Other _____ = _____	SO ₂ = _____	PM ₁₀ = 0	VOC = _____	NO _x = _____	CO = _____	Other _____ = _____	
SO ₂ = _____	PM ₁₀ = 0	VOC = _____	NO _x = _____	CO = _____	Other _____ = _____														
SO ₂ = _____	PM ₁₀ = 0	VOC = _____	NO _x = _____	CO = _____	Other _____ = _____														
SO ₂ = _____	PM ₁₀ = 0	VOC = _____	NO _x = _____	CO = _____	Other _____ = _____														
<ul style="list-style-type: none">• Are the SO₂, PM₁₀, VOC, or other air contaminant emissions claimed for each facility in this PBR submittal less than 25 tpy?• Are the NO_x and CO emissions claimed for each facility in this PBR submittal less than 250 tpy? <p><i>If the answer to both is "Yes," continue to the question below. If the answer to either question is "No," a PBR cannot be claimed.</i></p>	<div><input checked="" type="checkbox"/> YES <input type="checkbox"/> NO</div> <div><input checked="" type="checkbox"/> YES <input type="checkbox"/> NO</div>																		
<p>Has any facility at the property had public notice and opportunity for comment under 30 TAC Section 116 for a regular permit or permit renewal? (This does not include public notice for voluntary emission reduction permits, grandfathered existing facility permits, or federal operating permits.)</p> <p><i>If "Yes," skip to Section 2. If "No," continue to the questions below.</i></p>	<div><input checked="" type="checkbox"/> YES <input type="checkbox"/> NO</div>																		
<p>If the site has had no public notice, please answer the following:</p> <ul style="list-style-type: none">• Are the SO₂, PM₁₀, VOC, or other emissions claimed for all facilities in this PBR submittal less than 25 tpy?• Are the NO_x and CO emissions claimed for all facilities in this PBR submittal less than 250 tpy? <p><i>If the answer to both questions is "Yes," continue to Section 2.</i> <i>If the answer to either question is "No," a PBR cannot be claimed. A permit will be required under Chapter 116.</i></p>	<div><input checked="" type="checkbox"/> YES <input type="checkbox"/> NO</div> <div><input checked="" type="checkbox"/> YES <input type="checkbox"/> NO</div>																		
2. 30 TAC § 106.4(a)(2): Nonattainment check																			
<p>Are the facilities to be claimed under this PBR located in a designated ozone nonattainment county?</p> <p><i>If "Yes," please indicate which county by checking the appropriate box to the right.</i></p> <p>(Marginal) - Hardin, Jefferson, and Orange counties (<i>BPA</i>)</p> <p>(Moderate) - Brazoria, Chambers, Fort Bend, Galveston, Harris, Liberty, Montgomery, and Waller counties (<i>HGA</i>)</p> <p>(Moderate) - Collin, Dallas, Denton, Ellis, Johnson, Kaufman, Parker, Rockwall, and Tarrant counties (<i>DFW</i>)</p> <p><i>If "Yes," to any of the above, continue to the next question. If "No," continue to Section 3.</i></p>	<div><input type="checkbox"/> YES <input checked="" type="checkbox"/> NO</div> <div><input type="checkbox"/> BPA</div> <div><input type="checkbox"/> HGA</div> <div><input type="checkbox"/> DFW</div>																		

<p>Does this project trigger a nonattainment review? To determine the answer, review the information below:</p> <ul style="list-style-type: none"> Is the project's potential to emit (PTE) for emissions of VOC or NO_x increasing by 100 tpy or more? <i>PTE is the maximum capacity of a stationary source to emit any air pollutant under its worst-case physical and operational design unless limited by a permit, rule, or made federally enforceable by a certification.</i> Is the site an existing major nonattainment site and are the emissions of VOC or NO_x increasing by 40 tpy or more? <p>If needed, attach contemporaneous netting calculations per nonattainment guidance.</p> <p>Additional information can be found at: www.tceq.state.tx.us/permitting/air/forms/newsourcereview/tables/nsr_table8.html and www.tceq.state.tx.us/permitting/air/nav/air_docs_newsourcereview.html</p> <p>If "Yes," to any of the above, the project is a major source or a major modification and a PBR may not be used. A Nonattainment Permit review must be completed to authorize this project. If "No," continue to Section 3.</p>	<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO <input type="checkbox"/> YES <input checked="" type="checkbox"/> NO
3. 30 TAC § 106.4(a)(3): Prevention of Significant Deterioration (PSD) check	
<p>Does this project trigger a review under PSD rules? To determine the answer, review the information below:</p> <ul style="list-style-type: none"> Are emissions of any regulated criteria pollutant increasing by 100 tpy of any criteria pollutant at a named source? Are emissions of any criteria pollutant increasing by 250 tpy of any criteria pollutant at an unnamed source? Are emissions increasing above significance levels at an existing major site? <p>PSD information can be found at: www.tceq.state.tx.us/permitting/air/forms/newsourcereview/tables/nsr_table9.html and www.tceq.state.tx.us/permitting/air/nav/air_docs_newsourcereview.html</p> <p>If "Yes," to any of the above, a PBR may not be used. A PSD Permit review must be completed to authorize the project. If "No," continue to Section 4.</p>	<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO <input type="checkbox"/> YES <input checked="" type="checkbox"/> NO <input type="checkbox"/> YES <input checked="" type="checkbox"/> NO
4. 30 TAC § 106.4(a)(6): Federal Requirements	
<ul style="list-style-type: none"> Will all facilities under this PBR meet applicable requirements of Title 40 Code of Federal Regulations (40 CFR) Part 60, New Source Performance Standards (NSPS)? If "Yes," which Subparts are applicable?: _____ Will all facilities under this PBR meet applicable requirements of 40 CFR Part 63, Hazardous Air Pollutants Maximum Achievable Control Technology (MACT) standards? If "Yes," which Subparts are applicable?: _____ Will all facilities under this PBR meet applicable requirements of 40 CFR Part 61, National Emissions Standards for Hazardous Air Pollutants (NESHAPs)? If "Yes," which Subparts are applicable?: _____ 	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO <input type="checkbox"/> N/A <input type="checkbox"/> YES <input type="checkbox"/> NO <input checked="" type="checkbox"/> N/A <input type="checkbox"/> YES <input type="checkbox"/> NO <input checked="" type="checkbox"/> N/A
<p>If "Yes" to any of the above, please attach a discussion of how the facilities will meet any applicable standards.</p>	
5. 30 TAC § 106.4(a)(7): PBR prohibition check	
<p>Are there any air permits at the site containing conditions which prohibit or restrict the use of PBRs?</p> <p>If "Yes," PBRs may not be used or their use must meet the restrictions of the permit. A new permit or permit amendment may be required. List permit number(s): _____</p> <p>If "No," continue to Section 6.</p>	<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO

6. 30 TAC § 106.4(a)(8): NO_x Cap and Trade																
<ul style="list-style-type: none"> ● Is the facility located in Harris, Brazoria, Chambers, Fort Bend, Galveston, Liberty, Montgomery, or Waller County? <i>If "Yes," answer the question below. If "No," continue to Section 7.</i> ● Will the proposed facility or group of facilities obtain required allowances for NO_x if they are subject to 30 TAC Chapter 101, Subchapter H, Division 3 (relating to the Mass Emissions Cap and Trade Program)? 	<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO <input type="checkbox"/> YES <input checked="" type="checkbox"/> NO

**Bulk Mineral Product Handling Facilities
Air Permit by Rule (PBR) Checklist
Title 30 Texas Administrative Code § 106.144**

Check the most appropriate answer and include any additional information in the spaces provided. If additional space is needed, please include an extra page and reference the rule number. The PBR forms, tables, checklists, and guidance documents are available from the TCEQ, Air Permits Division Web site at: www.tceq.state.tx.us/permitting/air/nav/air_pbr.html.

This PBR (§ 106.144) requires registration with the commission's Office of Permitting, Remediation, and Registration in Austin before construction begins. Registration of the facility can be performed by completing a **Form PI-7**, "Registration for Permits by Rule," or **Form PI-7-CERT** "Certification and Registration for Permits by Rule." This checklist should accompany the registration form.

CHECK THE MOST APPROPRIATE ANSWER AND FILL IN THE BLANKS BELOW			
Rule	Question/Description	Information	Response
	Will the facility only handle bulk minerals? <i>If "YES," list the materials handled. If "NO," this facility does not qualify for this PBR.</i> <i>Note: Attach an additional sheet if necessary.</i>	List all materials handled:	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
	Will the facility handle asbestos?		<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO
(1)	Will all materials be transported in a closed conveying system?		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(1)	What type of filter is used? <i>CENTRAL BAGHOUSE</i>	Indicate type: <i>CYCLONE</i>	
(1)	What is the maximum filtering velocity of the fabric filter? <i>Note: Please complete a Table 11 for fabric filters.</i>	Filter velocity <i>4.54</i> ft/min	
(1)	What method is used to clean the fabric filter? <i>REVERSE AIR</i>	Indicate method: <i>AUTOMATIC</i>	
(2)	Are all permanent in-plant roads treated as necessary to achieve maximum control of dust emissions?	Check all that apply: <input checked="" type="checkbox"/> watered <input type="checkbox"/> treated with dust suppressant chemicals <input type="checkbox"/> oiled <input checked="" type="checkbox"/> paved and cleaned	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(2)	Are all vehicle work areas treated as necessary to achieve maximum control of dust emissions?	Check all that apply: <input checked="" type="checkbox"/> watered <input type="checkbox"/> treated with dust suppressant chemicals <input type="checkbox"/> oiled <input checked="" type="checkbox"/> paved and cleaned	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO

**Bulk Mineral Product Handling Facilities
Air Permit by Rule (PBR) Checklist
Title 30 Texas Administrative Code § 106.144**

CHECK THE MOST APPROPRIATE ANSWER AND FILL IN THE BLANKS BELOW			
Rule	Question/Description	Information	Response
(3)	What is the distance from the facility (including associated stationary equipment and stockpiles) to the nearest recreational area, residence or other structure not occupied or used solely by the owner of the facility or owner of the property upon which the facility is located?	Distance: <u>460</u> ft.	
(4)	Do you understand that an authorization letter must be received from the commission before construction of the facility begins?		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(4)	Did you provide <u>Form PI-7</u> or <u>Form PI-7 CERT</u> as part of this registration request?	<input checked="" type="checkbox"/> Form PI-7 <input type="checkbox"/> Form PI-7 CERT	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
	Other Applicable Rule and Regulations	Why or Why Not?	Response
	Is the facility subject to <u>40 CFR Part 60, NSPS Subpart F</u> ?		<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO
	Is the facility subject to <u>40 CFR Part 60, NSPS Subpart Y</u> ?		<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO
	Is the facility subject to <u>40 CFR Part 60, NSPS Subpart LL</u> ?		<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO
	Is the facility subject to <u>40 CFR Part 60, NSPS Subpart UUU</u> ?		<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO
	Is the facility subject to <u>40 CFR Part 60, NSPS Subpart OOO</u> ?		<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO

Record Keeping: There are no additional record keeping requirements other than the general requirements specified in 30 TAC § 106.8. The records must be made available immediately upon request to the commission or any air pollution control program having jurisdiction. If you have any question about the type of records that should be maintained, contact the Air Program in the TCEQ Regional Office for the region in which the site is located.

Recommended Calculation Methods: In order to demonstrate compliance with this PBR, the registrant may use the emission factors for each air contaminant from the EPA Compilation of Air Pollutant Emission Factors (AP-42), Fifth Edition, volume 1, Chapter 11, Section 11.19.1: Gravel Processing or Section 11.19.2: Crushed Stone Processing at: www.epa.gov/ttn/chief/ap42/index.html.

Texas Commission on Environmental Quality
Table 20
Concrete Batch Plants

The following Table is designed to help you confirm that you meet the requirements of Title 30 Texas Administrative Code Chapter 116. Tables, checklists and guidance documents pertaining to air quality permits are available from the Texas Commission on Environmental Quality, Air Permits Division Web site at www.tnrcc.state.tx.us/permitting/airperm.

Please Complete the Following	
1. Company name: ALAMO CONCRETE PRODUCTS, Ltd.	
2. Plant ID or name: EAGLE PASS #74	
3. Type of plant (Check One):	<input checked="" type="checkbox"/> Permanent <input type="checkbox"/> Portable <input type="checkbox"/> Specialty Mix
4. Type of batching that will be accomplished (Check One):	<input checked="" type="checkbox"/> Wet (Rotary Mix Trucks) <input type="checkbox"/> Dry <input type="checkbox"/> Central Mix
5. Maximum production rates:	<u>70</u> yd ³ /hr <u>35,000</u> yd ³ /year
6. Maximum operations:	<u>10</u> hours/day <u>6</u> days/week <u>52</u> weeks/year <u>3120</u> hour/year
7. Does the facility operate at night?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
8. Is a completed Table 11 "Fabric Filters," submitted with this application for each fabric filter?	<input type="checkbox"/> YES <input type="checkbox"/> NO
9. Silo information:	
A. How many silos will this plant have? <u>3</u>	
B. What is the volume of each silo? <u>3000</u> ft ³ <u>2500</u> ft ³ <u>3200</u> ft ³	
C. Explain the method of loading silo(s): <u>PNEUMATICALLY OFFLOADED FROM TRANSPORT TANKERS</u>	
D. Is each silo equipped with overload warning device? <input checked="" type="checkbox"/> YES <input type="checkbox"/> NO	
E. What type of abatement device will be used on silo vent(s)? <u>CENTRAL BAGHOUSE</u>	
10. How will the batch drop to truck or central mixer be controlled to prevent dust emissions? (Check One)	
<input checked="" type="checkbox"/> A. Suction shroud with exhaust air to central fabric filter. (If checked, attach a completed Table 11, "Fabric Filters.")	
<input type="checkbox"/> B. Flexible discharge spout with water fog ring (If checked, attach design drawing)	
<input type="checkbox"/> C. Other type of abatement device. (If checked, explain in detail and attach design drawing) _____	
11. What is the distance from the water fog ring or central bag house stack to the nearest property line? <u>190</u> Feet	
12. How will the cement weigh hopper be vented? (Check one)	
<input type="checkbox"/> A. Cement Flyash Silo Fabric Filter (If checked, attach a completed Table 11, "Fabric Filters.")	
<input checked="" type="checkbox"/> B. Central Fabric Filter (If checked, attach a completed Table 11, "Fabric Filters.")	
<input type="checkbox"/> C. Discharge Spout	
<input type="checkbox"/> D. Other (Please indicate): _____	

Texas Commission on Environmental Quality
Table 20
Concrete Batch Plants
(Page 2)

13. Will the sand and aggregate be washed prior to delivery at your facility?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
14. What is the number of acres or square feet which will be covered by aggregate stockpiles? <u>.3</u> Acres or _____ Square Feet	
15. Water sprays will be used at the following locations: <input checked="" type="checkbox"/> Stockpiles <input type="checkbox"/> Aggregate Bin Outlets <input type="checkbox"/> Conveyor Transfer Points <input type="checkbox"/> Screens	
16. How will plant roads be treated to prevent dust emissions? <input type="checkbox"/> Chemical Sprayed <input checked="" type="checkbox"/> Paved (<i>asphalt or concrete</i>) and cleaned <input checked="" type="checkbox"/> Water Sprinkled <input type="checkbox"/> Gravel <input checked="" type="checkbox"/> Paved and Vacuumed	
17. Is there a generator or engine on site? <input type="checkbox"/> YES <input checked="" type="checkbox"/> NO <i>Note: If "YES," complete Section 17-A through G and submit a completed Table 29 entitled, "Reciprocating Engines."</i>	
A. Make and Model: _____	E. Annual Hours of Operation: _____
B. Maximum Rated Horse Power: _____	F. Distance to Nearest Property Line: _____ Feet
C. Fuel Type: _____	G. NO _x Rating (Specify in Units): _____
D. Percentage of Sulfur Content: _____

ALAMO CONCRETE PRODUCTS, Ltd.
Eagle Pass #74

PROCESS DESCRIPTION

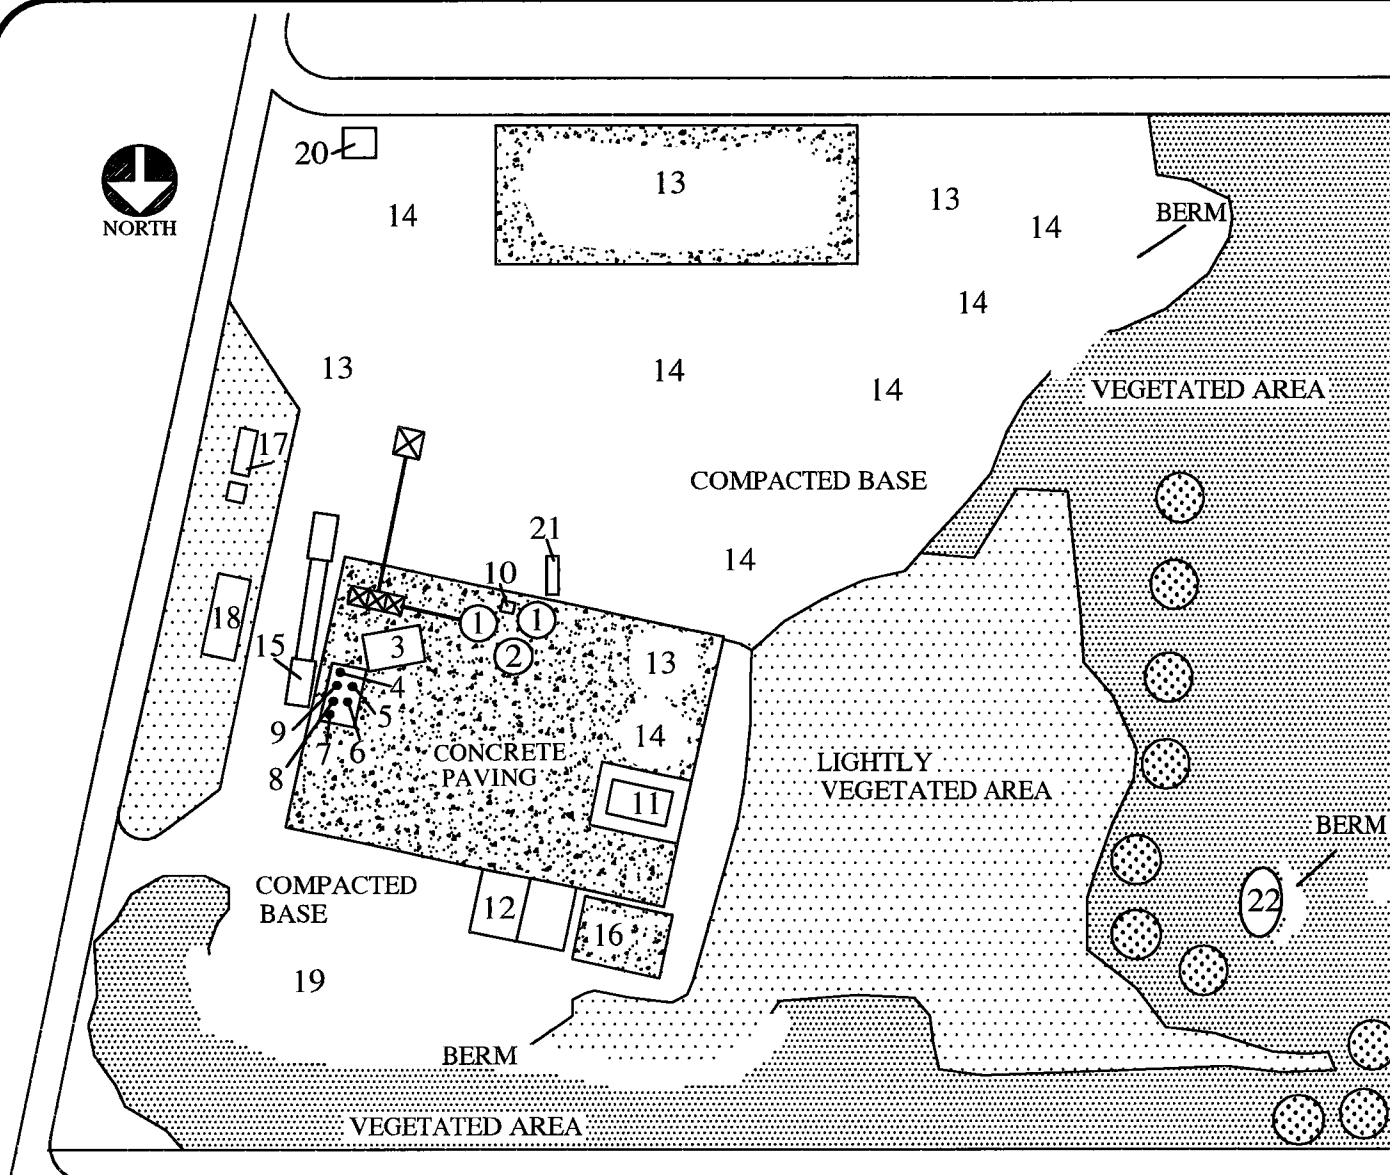

Raw materials, i.e., sand, gravel, crushed limestone, cement, and fly ash are transported to the plant site via tandem trailer and cement tanker trucks, which enter the plant through the driveway fronting FM 1021. The sand and aggregate are unloaded and stockpiled on site (Emissions Pts. #1-4). The bulk cement and fly ash are unloaded into the elevated silos through pressurized lines from the transport truck to the top of the silo (Emission Pts. #5 & #6). All haul trucks exit the plant through the driveway fronting FM 1021.

The process by which ready mix concrete is batched for sale begins with the charging of the load hopper (Emission Pt. #10) with sand and aggregate from the various stockpiles by a front-end loader. The material is then conveyed to the overhead aggregate bins (Emission Pt. #7). From the overhead aggregate bins, the material is gravity loaded into the aggregate weigh batcher (Emission Pt. #9). From the aggregate weigh batcher the material is conveyed to the truck charging chute (Emission Pt. #11). Simultaneously while the sand and aggregate are being weighed out, the cement/fly ash is loaded into the cement weigh batcher through an enclosed auger system (Emission Pt. #8). A proportioned amount of water is deposited into the mixer truck through the charge chute (Emission Pt. #11). The materials are loaded into transit mix trucks through the truck charge chute (Emission Pt. #11). Emission points #5, #6, #8, and #11 are vented to the central dust collector (Emission Pt. #12). After the transit mix trucks have been loaded with concrete mixture they depart the plant site via the driveway on FM 1021. After off-loading at job site destinations, they return through the same driveway on FM 1021.

**Permit By Rule
Request for Comments – Site Review
TCEQ New Source Review Program**

REGIONAL OFFICES: This notice is being sent to all programs with jurisdiction over the proposed site as noted below. Please return comments ASAP, but no later than the comments deadline which is **10 days** from the submittal date. Permit by rule disposition will proceed after comments are received. If a local program has assumed the responsibility of responding to this notice, you must respond to this notice informing Air Permits Division of who is responsible for the RFC reply.

LOCAL PROGRAMS: This Request for Comment is being sent to all applicable local programs. Please coordinate site review with the TCEQ Regional Office.

To Region: 16	City: Eagle Pass	County: Maverick
----------------------	-------------------------	-------------------------

Date Request Submitted: July 22, 2008

Comments deadline is 10 calendar days from the date request submitted.

Date Application Received by Air Permits Initial Review Team: July 21, 2008

EXEMPTION TYPE

Permit by Rule No. 106.144	Division: APD General/Standard Rule Permit
