Dear Mr. Lebsack:

This letter is in response to a notice received from American Electric Power dated January 27, 2005, regarding the transfer of Discrete Emission Reduction Credits (DERCs). We understand that American Electric Power has transferred a total amount of 805.2 tons of nitrogen oxides (NO_x) DERCs to Barney M. Davis, L.P.

Enclosed is a copy of DERC Certificate Number D-2063 issued to Barney M. Davis, L.P., reflecting the transferred amount of 805.2 tons of NO_x DERCs from DERC Certificate Number D-1083. American Electric Power's DERC Certificate Number D-1083 is now canceled.

The above-mentioned certificate has been deposited in the Texas Commission on Environmental Quality (TCEQ) Emissions Credit Registry. The certificate may be transferred or sold to another owner for use per the requirements of Title 30 Texas Administrative Code §§ 101.370 - 101.379. However, the certificate must be submitted to the TCEQ Discrete Emission Credits Registry when ownership of the credits changes.

Please reference the regulated entity number (RN) and customer reference number (CN) noted in this document in all your future banking and trading correspondence. The RN replaces the former TCEQ account number for the facility or site. The CN is a unique number assigned to the company or corporation and applies to all facilities and sites owned or operated by this company or corporation.
