DISCRETE EMISSION CREDIT USE TECHNICAL REVIEW

Project No.:	407861, 407862	Customer Reference No.:	CN604118901 (formerly CN603775099)
Project Type:	BUSE	Regulated Entity Reference No.:	RN100885151
Company:	Enterprise Logistic Services, LLC (formerly Enterprise Products Transportation Company, LLC)	Facility Name:	Enterprise Transportation Baytown
City:	Baytown	County:	Harris
Project Reviewer:	Ms. Marie Martinez	Portfolio Number:	P3594 (formerly P3495)

Project Overview

Enterprise Logistic Services, LLC (Enterprise), submitted a Form DEC-3 (Notice of Use of Discrete Emission Credits), received February 28, 2013, for the use of nitrogen oxides (NO_x) Discrete Emission Reduction Credits (DERC) in complying with the requirements of 30 Texas Administrative Code (TAC) §117.2010(c)(1)(A) on a gas-fired boiler with a Facility Identification Number 93-1. Enterprise reported the use of 0.2 ton (including the 10% environmental contribution) of NO_x DERCs to cover excess emissions from the boiler. The use period was January 1, 2012, through December 31, 2012.

In project number 407312, it was understood that Enterprise Products Transportation Company, LLC, legally changed its name to Enterprise Logistic Services, LLC. The database was updated to reflect the name change and assigned new portfolio number P3594. In addition, the nitrogen oxides (NO_x) DERCs owned by the Enterprise Products Transportation Company, LLC (P3495), were assigned new certificate numbers and transferred to Enterprise Logistic Services, LLC (P3594). However, this transaction did not include DERC Certificate D-2695, because the NO_x DERCs associated with certificate D-2695 had been set aside for use in intent to use project number 406092 (P3459). The intent project set aside 0.3 ton of NO_x DERCs from certificate D-2695. Since 0.2 ton was actually used, certificate D-2984 was issued for 0.1 ton of NO_x DERCs retained from certificate D-2695 in portfolio number P3459. Project number 407862 then transferred certificate D-2984 as certificate D-2985 to Enterprise Logistics Company, LLC (P3594).

Discrete Emission Credit Use

Boiler 93-1, located at the Enterprise Transportation Baytown site, is subject to the emission specification for attainment demonstration (ESAD) listed in §117.2010(c)(1)(A). The ESAD emission rate for the boiler is 0.036 pounds of NO_x per million British thermal units (lb/MMBtu), while the actual emission rate is 0.052 lb/MMBtu. (The actual emission rate was determined from stack testing conducted on the boiler March 29, 2005, and a summary of the stack test results was provided by the company.) Since the stack test emission rate exceeds the ESAD value, Enterprise used DERCs to cover the excess emissions.

The DERCs used are from certificate D-2983 (previously D-2695). The intent to use project number 406092 set aside 0.3 ton from the certificate. Since the actual amount used was 0.2 ton, a new certificate D-2984 was created for the retained 0.1 ton, which was transferred to portfolio number P3594 as certificate D-2985 (project number 407862). Certificates D-2983 (previously D-2695) and D-2984 will be cancelled.

Certificate used.....	D-2983 (previously D-2695)
Pollutant.....	NO _x
Amount.....	0.2 ton
Regulation.....	§117.2010(c)(1)(A)
Intent to Use Period.....	01/01/2012 – 12/31/2012

DISCRETE EMISSION CREDIT USE TECHNICAL REVIEW

Page 2

Project Numbers: 407861, 407862

Discrete Emission Credit Use Calculation Method

Enterprise submitted an actual level of activity for the use period, in units of thousand standard cubic feet (Mscf), based on the fuel usage for the boiler. At an average natural gas heating value of 1,020 Btu/scf, the heat input for 2011 was estimated by Enterprise to be 9,342.2 MMBtu. Per 30 TAC §101.376(e)(2)(A):

$$\text{DERCs Used} = \text{ALA} \times (\text{AER} - \text{RER})$$

Where:

ALA = actual level of activity

AER = actual emission rate per unit activity

RER = regulatory emission rate per unit activity

$$\text{DERCs used} = 9342.2 \text{ MMBtu} \times (0.052 \text{ lb/MMBtu} - 0.036 \text{ lb/MMBtu}) \div 2,000 \text{ lb/ton}$$

$$\text{DERCs used} = 0.075 \text{ ton; Rounded up to the nearest tenth of a ton} = 0.1 \text{ ton}$$

$$10\% \text{ environmental contribution} = 0.01 \text{ ton; Rounded up to the nearest tenth of a ton} = 0.1 \text{ ton}$$

$$\text{Total DERCs used} = 0.1 \text{ ton} + 0.1 \text{ ton} = 0.2 \text{ ton}$$

Conclusion

Enterprise has a sufficient amount of DERCs needed to be in compliance with §117.2010(c)(1)(A) during the use period of January 1, 2012, through December 31, 2012. Certificates D-2983 (previously D-2695) and D-2984 will be cancelled. New certificate D-2985 for 0.1 ton of NO_x will be issued to Enterprise for future use (see project number 407862).

PROJECT#: 407312 STATUS: C DISP CODE: _____
RECEIVED: 08/15/2012 PROJTYPE: BNME ISSUED DT: 08/22/2012
SUP-DISP DATE: 08/22/2012

STAFF ASSIGNED TO PROJECT:

RUANO, MELISSA

PROJECT NOTES:

COMPANY SUBMITTED DEC-4 BECAUSE OF A COMPANY NAME CHANGE. USING SOSDIRECT, COMPANY NAME CHANGE VERIFIED (I.E., BOTH NAMES UNDER THE SAME FILING NUMBER). INSTEAD OF BTSF PROJECT, BNME PROJECT USED INSTEAD TO SIGNIFY BOTH NAME CHANGE AND TRANSFER (BG)

WILL NEED TO SEND LETTER ACKNOWLEDGING RECEIPT OF DEC-4 FORM AND THE COMPANY NAME CHANGE (ALONG WITH ANY NEW CERTIFICATES) (BG)

***NOTE THAT A DERC INTENT TO USE PROJECT WAS SUBMITTED FOR 2012, AND THIS PROJECT IS IN PORTFOLIO P3459. WHEN WE RECEIVE THE 2012 NOTICE OF USE, IT MUST BE COMPLETED IN THE OLD PORTFOLIO (P3459).

D-2695 (WHICH 0.3 OF IT WAS SET-ASIDE IN PROJECT 406092 FOR USE IN 2012) CANNOT BE MOVED UNTIL THE NOTICE OF USE FOR 2012 IS RECEIVED AND APPROVED. AFTER THIS, IF THERE ARE ANY REMAINING DERCS, WE WILL FORWARD THEM TO THE NEW PORTFOLIO (BG)

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

March 18, 2013

Mr. Mike Stark
President
Enterprise Logistic Services, LLC
PO Box 4735
Houston, Texas 77210-4735

Re: Use of Discrete Emission Reduction Credits
Enterprise Transportation Baytown
Baytown, Harris County
Regulated Entity Reference Number: RN100885151
Customer Reference Number: CN604118901 (previously CN603775099)
Portfolio Number: P3594 (previously P3459)

Dear Mr. Stark:

This letter is in response to Enterprise Logistic Services, LLC's (previously Enterprise Products Transportation Company, LLC) Form DEC-3 (Notice of Use of Discrete Emission Credits) received on February 28, 2013, regarding the use of nitrogen oxides (NO_x) Discrete Emission Reduction Credits (DERC) for the purpose of compliance with 30 Texas Administrative Code (TAC) §117.2010(c)(1)(A) at the Enterprise Transportation Baytown site.

In project number 407312, we understood that Enterprise Products Transportation Company, LLC, legally changed its name to Enterprise Logistic Services, LLC. The database was updated to reflect the name change to Enterprise Logistic Services, LLC and assigned new portfolio number P3594. In addition, the nitrogen oxides (NO_x) DERCs owned by the Enterprise Products Transportation Company, LLC, were assigned new certificate numbers and transferred to Enterprise Logistic Services, LLC (P3594). However, this transaction did not include DERC Certificate D-2695, because 0.3 ton of NO_x DERCs associated with certificate D-2695 had been set aside for use in intent to use project number 406092.

Upon review of the Form DEC-3 and supporting documentation, we agree that the use of 0.2 ton (including 10% environmental contribution of 0.1 ton) of NO_x DERCs for the period of January 1, 2012 through December 31, 2012 meets the requirements of 30 TAC §101.376 for compliance with §117.2010(c)(1)(A). A total of 0.2 ton of NO_x DERCs from certificate D-2983 (previously D-2695) have been retired for this purpose. Certificate D-2984 was issued for 0.1 ton of NO_x DERCs retained from certificate D-2695 in portfolio number P3459.

The NO_x DERCs from certificate D-2984 owned by the Enterprise Products Transportation Company, LLC (P3459), have been assigned a new certificate number and transferred to Enterprise Logistic Services, LLC (P3594), shown in the following table:

Old Certificate Number	New Certificate Number	DERCs Transferred (Tons)
D-2984	D-2985	0.1

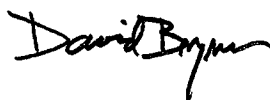

Mr. Mike Stark
Page 2
March 18, 2013

Enclosed is a copy of certificate D-2985 issued to Enterprise Logistic Services, LLC (P3594), for 0.1 ton of NO_x DERCS. Certificate D-2985 has been deposited in the Texas Commission on Environmental Quality (TCEQ) Discrete Emission Credit Registry. This certificate may be transferred or sold to another owner for use per the requirements of §§101.370 through 101.379. Certificates D-2983 (previously D-2695) and D-2984 are now cancelled.

Thank you for your cooperation in this matter. If you have questions concerning this review or need further assistance regarding the banking program, please contact Ms. Marie Martinez at (512) 239-2054 or write to the Texas Commission on Environmental Quality, Office of Air, Air Quality Division (MC-206), PO Box 13087, Austin, Texas 78711-3087.

This action is taken under authority delegated by the Executive Director of TCEQ.

Sincerely,

David Brymer, Director
Air Quality Division
