Dear Mr. Moeller,

In accordance with 30 Texas Administrative Code (TAC) Chapter 122, The Lubrizol Corporation (Lubrizol) submitted an Off Permit Notification for Title V Permit Number O1934 issued for the operation of the MMB Unit at Lubrizol's Deer Park Plant located in Deer Park, Texas, but inadvertently left out the originally signed Op-CRO1. Lubrizol concurrently submitted a Permit By Rule (PBR) application to authorize process efficiencies resulting in the reduction of batch cycle times authorized by PBR §106.261.

The changes do not trigger any new applicable requirements in addition to the PBR requirements. Please find the attached signed OP-CRO1 form and resubmittal of the Op-Notify previously submitted on August 30, 2016. Submittal of the signed Op-CRO1 should complete all requirements for the Off Permit Notification.

Lubrizol would like to thank you in advance for your review and concurrence with this Off Permit Notification. If you have any questions regarding the information presented in this letter and attachments, please do not hesitate to call me at (832) 260-7845.

Sincerely,

Jennifer Himes
Sr. Environmental Engineer
