INTRODUCTION

On April 3, 2018, Mr. Arturo Leyva Jr., Environmental Investigator with the Texas Commission on Environmental

UPS GROUND FREIGHT - EL PASO

4/3/2018 Inv. # - 1480376

Page 2 of 4

Quality (TCEQ) El Paso Region Office, conducted an on-site Storm Water Multi-Sector General Permit Comprehensive Compliance Investigation (SW MSGP CCI) for the UPS Ground Freight facility, located at 1370 Goodyear Dr., in El Paso (El Paso County), Texas.

The purpose of the on-site SW MSGP CCI was to assess the status of the entity's compliance with applicable state rules pertaining to the TCEQ SW MSGP. The on-site SW MSGP CCI and exit interview were conducted with Mr. Raymundo Zamora, Service Center Manager. Mr. Zamora was notified of the investigation on March 26, 2018.

On April 3, 2018, Mr. Leyva arrived on-site at the UPS Ground Freight facility and met with Mr. Zamora. An entrance interview was conducted at that time. During the entrance interview, the purpose and objectives of the investigation were explained. Mr. Zamora was informed that the investigation was being conducted to verify compliance with the facility's SW MSGP, permitted under TCEQ ID No. TXR05X335.

A review of the facility's Stormwater Pollution Prevention Plan and associated operating records was first conducted. After reviewing the facility's records, Mr. Leyva requested to conduct a physical tour of the UPS Ground Freight facility.

Mr. Leyva then provided Mr. Zamora with a TCEQ Exit Interview Form which identified 4 areas of non-compliance as a result of the SW MSGP CCI conducted on April 3, 2018. Refer to the attachment labeled TCEQ Exit Interview Form for more information.

GENERAL FACILITY AND PROCESS INFORMATION

Point source discharge: Yes

NEC qualified: No

MSGP: Required

SECTOR: P; Land Transportation and Warehousing

PRIMARY SIC: 4213; Trucking, Except Local

The UPS Ground Freight facility serves as a hub for the transportation services provided by UPS Ground Freight, Inc. The UPS Ground Freight facility has 1 maintenance area setup to perform repair and maintenance activities for the tractor-trailers of UPS Ground Freight, Inc.

ADDITIONAL INFORMATION

The 2016 TCEQ MSGP TXR050000 for industrial facilities was re-issued with an effective date of August 14, 2016. The regulated entity was granted until November 14, 2016, to submit a Notice of Intent (NOI) form to renew their coverage. The regulated entity's NOI was received and processed by the TCEQ on November 11, 2016.

BACKGROUND

A review of the TCEQ Consolidated Compliance and Enforcement Data System (CCEDS), the TCEQ Central Registry (CR) Internal Reporting database and TCEQ Region compliance files was conducted on February 13, 2018. There are no current complaints or enforcement cases against the regulated entity. The facility has a compliance rating of Unclassified.

CONCLUSION

During the on-site SW MSGP CCI investigation conducted on April 3, 2018, 3 alleged violations (AVs) were identified that require compliance documentation. The regulated entity was informed of the following:

1. Per TCEQ MSGP (TXR050000) Part III, Section B. 2, the entity failed to conduct periodic routine facility inspections to determine the effectiveness of the Pollution Prevention Measures and Controls once per quarter. These inspections must include at least one member of the Stormwater Pollution Prevention Team. If feasible, at least one of these routine facility inspections each calendar year must be conducted during a period when a stormwater discharge is occurring.

Recommended Corrective Action: Provide documentation to the TCEQ El Paso Region Office which indicates that qualified personnel, who are familiar with the industrial activities performed at the facility, are conducting

UPS GROUND FREIGHT - EL PASO

4/3/2018 Inv. # - 1480376

Page 3 of 4

quarterly inspections of the facility.

2. Per TXRo50000 Part III, Section B. 3, the entity failed to conduct quarterly visual monitoring of stormwater discharges from each outfall authorized by the general permit. Monitoring must be conducted during the normal hours of operation for the facility and the samples must be collected in a clean, clear, glass or plastic container and in a well-lit area. Results of examination must be reviewed by the Stormwater Pollution Prevention Team.

Recommended Corrective Action: Provide documentation to the TCEQ El Paso Region Office which indicates that quarterly visual monitoring is being conducted.

3. Per TXRo50000 Part III, Section D. 1(c), the entity failed to maintain a rain gauge on-site to determine when a qualifying event occurs and maintain a weekly monitoring record of the rain gauge readings. Records of the date and rainfall total must be retained on-site or made readily available for review. If there is no rain during a given week, the permittee shall monitor and record a zero rainfall total or no rain for the week.

Recommended Corrective Action: Provide photographs/documentation to the TCEQ El Paso Region Office which depict/indicate that a rain gauge has been provided for the facility and that a weekly rain gauge reading is being recorded.

RECOMMENDATIONS

The entity will be issued a Notice of Violation (NOV) letter, dated May 8, 2018. Further documentation is required at this time in order to achieve compliance with the AVs cited during the on-site SW MSGP CCI conducted on April 3, 2018.

Protecting Texas by Reducing and Preventing Pollution

May 8, 2018

CERTIFIED MAIL #7009 2820 0000 6947 4781
RETURN RECEIPT REQUESTED

Mr. Raymundo Zamora, Service Center Manager
UPS Ground Freight, Inc.
1370 Goodyear Dr.
El Paso, Texas 79936

Re: Notice of Violation for Compliance Evaluation Investigation at:
UPS Ground Freight, 1370 Goodyear Dr., El Paso, El Paso County
Regulated Entity No.: RN102383726, TCEQ ID No.: TXR05X335

Dear Mr. Zamora:

On April 3, 2018, Mr. Arturo Leyva Jr. of the Texas Commission on Environmental Quality (TCEQ) El Paso Region Office conducted an investigation of the above-referenced regulated entity to evaluate compliance with applicable requirements for stormwater. Enclosed is a summary which lists the investigation findings. In addition, certain outstanding alleged violations were identified for which compliance documentation is required. Please submit to this office by June 8, 2018, a written description of corrective action taken and the required documentation demonstrating that compliance has been achieved for each of the outstanding alleged violations.

In the listing of the alleged violations, we have cited applicable requirements, including TCEQ rules. Please note that both the rules themselves and the agency brochure entitled *Obtaining TCEQ Rules* (GI 032) are located on our agency website at <http://www.tceq.state.tx.us> for your reference. If you would like a hard copy of this brochure mailed to you, you may call and request one from either the El Paso Region Office at (915) 834-4949 or the Central Office Publications Ordering Team at (512) 239-0028.

The TCEQ appreciates your assistance in this matter. Please note that the Legislature has granted TCEQ enforcement powers which we may exercise to ensure compliance with environmental regulatory requirements. We anticipate that you will resolve the alleged violations as required in order to protect the State's environment. If you have additional information that we are unaware of, you have the opportunity to contest the violations documented in this notice. Should you choose to do so, you must notify the El Paso Region Office within 10 days from the date of this letter. At that time, I will schedule a violation review meeting to be conducted *within 21 days from the date of this letter*. However, please be advised that if you decide to participate in the violation review process, the TCEQ may still require you to adhere to the compliance schedule included in the enclosed Summary of Investigation Findings until an official decision is made regarding the status of any or all of the contested violations.

Mr. Raymundo Zamora, Service Center Manager
