Dear Mr. Adamczak:

The Texas Commission on Environmental Quality (TCEQ) has reviewed the January 10, 2020 letter entitled "4th Quarter of 2019 Progress Report", prepared by EHS Support. The status report indicates that no field activities occurred this quarter. During this quarter, a Response Action Plan (RAP) was submitted to the TCEQ on August 30, 2019. The TCEQ reviewed the document and provided comments in a letter dated October 28, 2019. As of the date of this letter, a response has not been received. Regular Status Reports should continue to be submitted quarterly. The next report is due April 15, 2020.

A response to the October 28, 2019 letter should be submitted should be submitted to my attention at the TCEQ at the letterhead address using mail code MC-221. Your response should be received **within 60 days** of the date of this letter. Please provide one paper copy and one electronic copy (on USB or disc) of all submittals. Note that the electronic and hard copies should be identical, complete copies. A Correspondence ID Form (TCEQ Form 20428) must accompany each document submitted to the Remediation Division, and should be affixed to the front of your submittal. The Correspondence ID Form helps ensure that your documents are identified correctly and are routed to the applicable program for a timely response.

Please feel free to contact me with any questions at (512) 239-3555 or by email at stephanie.saldana@tceq.texas.gov.

Sincerely,
