Re: Void of General Operating Permit Authorization to Operate
Permit Number: O485
Oasis Pipe Line Company Texas, L.P.
Quarry Compressor Station
Sommerville, Washington County
Regulated Entity Number: RN100220250
Customer Reference Number: CN601077209

Dear Mr. Coffey:

As requested in your August 22, 2005 letter, the authorization to operate Oasis Pipe Line Company Texas, L.P., Quarry Compressor Station under the oil and gas general operating permit (GOP) provisions of Title 30 Texas Administrative Code § 122.514 (30 TAC § 122.514) has been voided. We understand that the site is below the major source threshold levels for criteria pollutants and that it no longer meets the applicability criteria of 30 TAC § 122.120. In accordance with 30 TAC 122.146, you must submit a compliance certification report for the period from the date of the most recent certification to the date of this letter. This report and any questions regarding this compliance certification should be forwarded within 30 days of the date of this letter to the Texas Commission on Environmental Quality (TCEQ) Waco Regional Office, 6801 Sanger Avenue, Suite 2500, Waco, Texas 76710-7826.

We recommend that documentation be maintained which supports your assertion that the Quarry Compressor Station no longer meets the 30 TAC § 122.120 applicability criteria. If it is later determined by either Oasis Pipe Line Company Texas, L.P., Quarry Compressor Station or the TCEQ that the Quarry Compressor Station is subject to 30 TAC Chapter 122 requirements, enforcement action may be pursued by the TCEQ.

If the Quarry Compressor Station becomes subject, or is determined to have been subject to 30 TAC Chapter 122 requirements, the owner or operator must submit the appropriate application for an operating permit at that time.

Mr. Ryan Coffey

Please reference the regulated entity number (RN), customer reference number (CN), and permit number noted in this document in all your future correspondence for the referenced facility or site. The RN replaces the former TCEQ account number for the facility (if portable) or site (if permanent). The CN is a unique number assigned to the company or corporation and applies to all facilities and sites owned or operated by this company or corporation.

Thank you for informing us of the status of your site. If you have any questions regarding this notice, please contact Ms. Bonnie Evridge at (512) 239-5222.

Sincerely,

Richard A. Hyde, P.E., Director
Air Permits Division
Office of Permitting, Remediation, and Registration
Texas Commission on Environmental Quality
