Re: Site Operating Permit Application Withdrawal and
Void of General Operating Permit Authorization to Operate
Initial Issuance
Permit Numbers: O2757 (SOP Initial) and O907 (GOP Void)
Exxon Mobil Corporation
Exxon Mobil Irving Terminal
Irving, Dallas County
Regulated Entity Number: RN100212984
Customer Reference Number: CN600123939

Dear Mr. Simon:

As requested in your letter submitted on August 15, 2005, the above-referenced federal operating permit (FOP) application for the Exxon Mobil Irving Terminal has been withdrawn. In addition, as requested in your letter, the authorization to operate the Exxon Mobil Irving Terminal, under the provisions of the oil and gas general operating permit number 122.515, has been voided. Based on your submission, we understand that the site's potential to emit is below the revised major source threshold levels effective June 15, 2005, and the site no longer meets the applicability criteria for an FOP outlined in Title 30 Texas Administrative Code (30 TAC) § 122.120.

We recommend that documentation be maintained which supports your representations that the Exxon Mobil Irving Terminal site no longer meets the 30 TAC § 122.120 applicability criteria. If it is later determined by either Exxon Mobil Corporation or the Texas Commission on Environmental Quality (TCEQ) that the Exxon Mobil Irving Terminal is subject to 30 TAC Chapter 122 requirements, enforcement action may be pursued by the TCEQ.

If the Exxon Mobil Irving Terminal site becomes subject, or is determined to have been subject to the requirements of 30 TAC Chapter 122, the owner or operator must submit the appropriate application for an operating permit at that time.

Mr. J. Stephen Simon
Page 2

Please reference the regulated entity number (RN), customer reference number (CN), and permit number noted in this document in all your future correspondence for the referenced facility or site. The RN replaces the former TCEQ account number for the facility (if portable) or site (if permanent). The CN is a unique number assigned to the company or corporation and applies to all facilities and sites owned or operated by this company or corporation

Thank you for informing us of the status of your application. If you have any questions regarding this notice, please contact Mr. George Brenner at (512) 239-1724.

Sincerely,

Jesse E. Chacon, P.E., Manager
Operating Permits Section
Air Permits Division
Texas Commission on Environmental Quality
