Re: Void of General Operating Permit Authorization to Operate for Permit Number O1694

and Withdrawal of Initial Site Operating Permit Application for Permit Number O2717

TEPPCO Crude Pipeline, L.P.
Bowie Pipeline Station
Bowie, Montague County
Regulated Entity Number: RN102594801
Customer Reference Number: CN600891485

Dear Mr. Mallett:

As requested in your December 2, 2004 letter, the authorization to operate TEPPCO Crude Pipeline, L.P., Bowie Pipeline Station under the bulk fuel storage general operating permit (GOP) provisions of Title 30 Texas Administrative Code § 122.515 (30 TAC § 122.515) has been voided. We understand that the site is no longer a major source under Title V and that the site no longer meets the applicability criteria of 30 TAC § 122.120. In accordance with 30 TAC § 122.146, you must submit a compliance certification report for the period from the date of the most recent certification to the date of this letter. This report and any questions regarding this compliance certification should be forwarded within 30 days of the date of this letter to the Texas Commission on Environmental Quality (TCEQ) Abilene Regional Office, 1977 Industrial Blvd., Abilene, Texas 79602.

We recommend that documentation be maintained which supports your assertion that the Bowie Pipeline Station no longer meets the 30 TAC § 122.120 applicability criteria. If it is later determined by either TEPPCO Crude Pipeline, L.P., Bowie Pipeline Station or the TCEQ that the Bowie Pipeline Station is subject to 30 TAC Chapter 122 requirements, enforcement action may be pursued by the TCEQ.

If the Bowie Pipeline Station becomes subject, or is determined to have been subject to

Mr. Leonard Mallett
Page 2

30 TAC Chapter 122 requirements, the owner or operator must submit the appropriate application for an operating permit at that time.

Please reference the regulated entity number (RN), customer reference number (CN), and permit number noted in this document in all your future correspondence for the referenced facility or site. The RN replaces the former TCEQ account number for the facility (if portable) or site (if permanent). The CN is a unique number assigned to the company or corporation and applies to all facilities and sites owned or operated by this company or corporation.

Thank you for informing us of the status of your site. If you have any questions regarding this notice, please contact Mr. Jonathan Wilmoth at (512) 239-0567.

Sincerely,

Richard A. Hyde, P.E., Director
Air Permits Division
Office of Permitting, Remediation, and Registration
Texas Commission on Environmental Quality
