PROJECT SUMMARY

Channel Energy Center, is an electric utilities facility subject to 30 TAC Chapter 122. The permit is being revised to incorporate a name change to the Title V and Acid Rain Permits.

REVISION DESCRIPTION

The applicant submitted supporting documents to request a correction to the owner name and facility name.

TECHNICAL REVIEW

The appropriate information was submitted to accomplish the incorporation of name change into the permit and the IMS database was updated to include the new information provided by the applicant. This information was used to manually update the effective permit.

COMPLIANCE ASSURANCE MONITORING (CAM)/ PERIODIC MONITORING (PM)

CAM/PM is not required for Administrative Revision projects.
