Change of Ownership for RN102601804 Account No.: GL-0149-O

Sandra Young:

Please find enclosed the Change of Ownership and CORE Forms for Account GL-0149-O, RN 102601804. Structural Metals, Inc., dba CMC Recycling – San Antonio, which is located at 726 Probandt Street in San Antonio Texas, acquired the assets of this facility on June 13, 2014. Please note that I have included an air registration PBR 41536 and Stormwater NOI, TXR05CC36 in the CORE Form. The stormwater NOI is new for our company but was registered under the wrong "Customer Name" (Customer Reference Number) so I have included this in the CORE information to update this information.

If you require any additional information or have any questions, please contact me at 830-372-8507 or [Randall.Walker@cmc.com](mailto:Randall.Walker@cmc.com).

Sincerely,

Randall R. Walker, P.E.

Sandra,

Attached is a PDF copy of the only document we could find at the TCEQ for NSR authorization 8496. The authorization was a Special Exemption for an aluminum shredder in 1980.

Sorry for the quality of the PDF, but it is as good as we can make it. The document was printed from microfiche archives. I will send the void paperwork soon.  
Thank you

There's no rush. I know the forms say you're supposed to complete a change of ownership in 30 days, but we don't really care. Whatever day you put on the forms as your Effective Date is the date we use. I'll hold on to this.

Sandra,

Thank you for looking into this. I think the PBR does include everything that we need, but just to make sure I will do a file search to see what else I may find. I probably will complete the void form. How soon do I need to do this? I will plan a trip to the file room early next week.

Thank you

Randy,  
I reviewed 41536...everything I found is attached to this email. Everything says 41536 replaced something. It just doesn't say what it replaced. It sounds logical that if 8496 was the only thing on the site, that had to be what it replaced, but...

My boss said to maybe search the file room, but that doesn't make sense. If nothing in 41536 says it replaced 8496, why would the file for 8496 say that 41536 replaced it—of course, that's even if there is a file on something that old.

Either way, if you feel that 41536 meets everything you need, you can void 8496 (after you own it). I can transfer it and probably get it voided the same day. Or I can see if the file room has anything. Probably would be in microfiche (sp?) I have attached a void form, but it's your call.
