**SUBJECT:** INEOS Phenol Port Arthur Plant (RN104620083)  
Air Account No.: JEA006F  
Air Permits Change of Name and Ownership

Dear Sir or Madam:

Chevron Phillips Chemical Company LP ("CP Chem") and INEOS Americas LLC ("INEOS") entered into an agreement for the sale of the INEOS Phenol Port Arthur Plant (the "Transaction"). The Transaction includes the Port Arthur Plant located at 2001 South Gulfway Drive Bldg 1746, Port Arthur, Texas, for which the agency has issued the Title V Permit No. 02954 ("Title V Permit") and a number of other air permits and authorizations ("Air Permits") to INEOS. Effective August 4, 2013, the new owner and permittee of Port Arthur Plant will be CP Chem. The new facility name will be "Chevron Phillips Chemical Company LP - Port Arthur Plant". This new name will be the same as another existing Port Arthur Plant that is also owned and operated by CP Chem.

Due to the fact that INEOS Port Arthur Plant is located within the property line of Chevron Phillips Chemical Company LP - Port Arthur Plant with the regulated entity reference number ("RN") 100209857, CP Chem kindly requests that TCEQ transfer these Air Permits from RN104620083 to RN100209857.

By submitting the enclosed forms, CP Chem respectfully requests that the TCEQ transfer the Air Permits to CP Chem at the earliest convenient time. This notification is not proposing any changes in the operation of the facility. CP Chem will comply with all of the requirements and conditions outlined in the Air Permits. Accordingly, with regard to the Title V Permit, this transfer qualifies as an administrative permit revision, pursuant to 30 TAC §122.211.

Please direct questions, correspondence, or requests for information regarding the Permit transfer, or other matters related to the existing Permit to Casey Stark at (409) 985-0785.

Yours truly,

  
M. I. Conway  
Plant Manager

So I don't make this worse...83831, 85575, 82132, and 5215A **should have been** on RN104620083 (they are there in the Air database, but not in Central Registry (CR)). You wanted ownership changed from Ineos to CP Chem Co LP **AND** all four authorizations moved to RN100209857. Is this correct?

For future reference, if this is correct, the paperwork should have said RN104620083 (to change ownership) and then a separate request to move the changed permits to RN100209857.

Please let me know before I proceed. Thanks.

Lyndon and Casey,

I received the Change of Ownership paperwork today that was submitted on September 26, 2013. Johnny and I can't quite figure out what happened because they are all changed in Central Registry (although with an incorrect ID status) but not in the Air database. I will fix it today and let you know.

Hello Johnny.

Chevron Phillips is asking about the status of a Change of Name/Ownership Form and a Core Data Form they submitted a while back...looks like they acquired the INEOS Port Arthur Plant.

Is there a particular person I should ask about this?

Thanks for any guidance you could provide.

Lyndon

Lyndon,

Per our conversation attached is the INEOS transfer package that was sent in back in September. If you could find out the status I would appreciate it.

Thanks,

**Subject:** RN's need assignment

Margaret,

A number of facilities were transferred from Coastal Management to Burlington Resources. A letter was received from the TCEQ (Sandra Young) dated 10/24/2013. There are three RN numbers that have been repeated for different facilities, though they do have the same account numbers they have different permit numbers. I expect the confusion stems from similarly named facilities.

RN103057113 EAST WADDELL RANCH BAT 71 has permits: 33778-EAST WADDELL RANCH BAT 71 and 33756-WEST WADDELL RANCH BAT 71. The latter does not exist.

RN102708286 EAST WADDELL RANCH BAT 45 has permits: 33777-EAST WADDELL RANCH BAT 72 and 33758-EAST WADDELL RANCH BAT 45. EAST WADDELL RANCH BAT 72 should be RN106544331.

RN102610144 WN WADDELL TB 11 has permits: 19232-WN WADDELL TB 11 and 33753-W. WADDELL RANCH BATTERY 11. The former does not exist and the RN should be assigned to W Waddell Ranch Battery 11.

What is the best way to proceed to get these corrections?
