Re: Change in Ownership
Customer Number: CN601444318

Dear Mr. Roos:

Thank you for your request received on December 18, 2014, notifying us of the change in ownership. Your letter states that Trigeant, Ltd. is now the Owner and Operator of the facility or facilities listed in the enclosed document. Our records have been updated to reflect this change.

We understand that there will be no change in the type of pollutants emitted and no increase in the quantity of emissions. As the new permittee/registrant, you have committed to maintain compliance with all air quality regulations and applicable rule requirements of the Texas Commission on Environmental Quality.

Thank you for informing us of this change in ownership. If you have any questions regarding this letter, please feel free to contact Ms. Sandra Young at (512) 239-1326.

Sincerely,

A handwritten signature in black ink, appearing to read "Johnny D. Bowers", with a long horizontal flourish extending to the right.

Account ID No. NE-0195-W

Dear Mr. Martinez:

This is in response to your letter dated January 12, 1996 concerning the proposed installation of a 5,000-barrel Asphalt Storage Tank, Emission Point No. TK717. After evaluation of the information which you have furnished, we have determined that your project is exempt from the permit procedures under Standard Exemption 51 if constructed and operated as described in your letter.

This standard exemption was authorized by the Texas Natural Resource Conservation Commission (TNRCC) Executive Director pursuant to 30 TAC Section 116.211(a) of TNRCC Regulation VI. A copy of the exemption in effect at the time of this determination is enclosed. You must operate in accordance with all requirements of the enclosed standard exemption.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all air quality rules and regulations of the TNRCC and of the U.S. Environmental Protection Agency at all times.

If you have any questions concerning this exemption, please contact Mr. Richard Hyde of our New Source Review Division (512) 239-1317.

Corpus Christi, Nueces
County
Account ID No. NE-0195-W

Dear Mr. Martinez:

This is in response to your exemption registration, Form PI-7, concerning the proposed railcar and tank truck loading rack at your facility in Corpus Christi, Nueces County. We understand emissions will not exceed 0.23 pounds per hour and 1.02 tons per year of volatile organic compounds.

After evaluation of the information which you have furnished, we have determined that your proposed loading rack is exempt from permitting procedures under Standard Exemption No. 51 if constructed and operated as described in your registration request. This standard exemption was authorized by the Executive Director pursuant to Texas Natural Resource Conservation Commission (TNRCC) Rule 116.211 of Regulation VI.

A copy of the exemption in effect at the time of this registration is enclosed. You must operate in accordance with all requirements of the enclosed standard exemption.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all air quality Rules and Regulations of the TNRCC and of the U.S. Environmental Protection Agency at all times.

Good Morning Sandra,

I hope you had a wonderful Christmas. I looking forward to finishing the transfer of the permits. The registrations presented are obsolete and can be cancelled.

Can we speak at 9:00 a.m. this morning?

Tony,

I talked to my boss. The three registrations that were created as REQLTRs were from some action that didn't require a permit/registration, but the customer wanted some sort of answer. Two of these went to you personally. TCEQ went in later and assigned registration numbers to the requests so they could be transferred if necessary. So, look at the PDF that has the letter for all three permits. We need to transfer them, but if you don't think you need them...ask to have them voided. Same thing for all of the other authorizations on the site since you own the whole thing.

I PDFd a copy of the RE record that I can see. There are multiple registrations that you did not list on your forms. Again, you can void them if you don't think you need them. On this form, look at the far right column that says Begin Date - End Date. Anything other than 12/31/3000 is an inactive authorization, so as you can see, all of the Air authorizations are active permits.

Get back to me next week. I'll be here on Friday. Have a great holiday!

Tony,

I talked to you last week to get the name of the Responsible Official. I just started on the Change of Ownership, but there are multiple other air authorizations other than the ones you listed on the Change of Name form. Your cover letter said to transfer "the air permits issued to BTB Refining LLC..." While six of the air authorizations on this site are owned by BTB, there are others owned by Bay Inc., and Trifinery Petroleum Services. One is already in the name of Trigeant Ltd.

I am out of the office on Monday and the agency reopens on Friday. Please get back to me and let me know what you want to do with these additional air authorizations as they were not listed on your Change of Name form.

Also, do you intend to change the authorizations from other TCEQ programs? I can send them this paperwork when I finish.
