Russ,
Read this email. This is what happened to the other RNs you sent with 85434. I got your fax.

The files you just sent...RN101942043 -- you listed 22448A and 22448B. That tells me the authorization probably has been moved and 22448A probably should have been voided. Please give me driving directions, county, and nearest city for this RN. You put a third authorization on the Change of Name form, but these two are all that's on the RN. 916481A isn't even in our database.

RN100809334 is the second RN you sent, but you gave me it's account number and not the air authorization number. Can you please give me that. Thanks.

Miguel,
I didn't see it in the Air database, but it's in Central Registry...22448 also needs to be voided. Also void 16481 as 16481A exists and these portables were moved. Thanks.
Sandra

Miguel,
This customer confirmed that Registration 22448B replaced 22448A. Please ask someone to void 22448B. I'm doing a change of ownership on 22448B.

Russ,

I changed the address to 1502 W Kirby in Wyle and deleted the driving directions...but now I have a second problem. They didn't show up in the Air database (simply means they have not had any action since the database was converted in 2008), but two other PBRs show up in Central Registry for RN101942043 – Redi-Mix Wylie Plant. They are 16481A and 15710.

Since I confirmed that these portables were moved, I have asked someone to Void 22448, 22448A, and 16481 as they were replaced with later versions.

May I have permission to transfer ownership of 16481A and 15710?

You put an effective date of 12/01/2013 on your paperwork. I can't do this in advance and you need to contact me and let me know that it did indeed transfer ownership on that date.
