Subject: Change of Ownership on RN100211879 - Shell Oil Deer Park

Steve,
Per our conversation, here are the active air authorizations:

105055
105056
105057
105058
105059
105060
15365
34230
34358

I also checked with Central Registry and was told that inactive permits could not receive a new affiliation. Also, everybody told me that inactive permits should not show up on your compliance history, so I'm checking on that too.

Yes. As long as they are not requesting a new RN you may proceed. Thanks!

Does this mean I should pull Shell and go ahead with what they asked? What about Ascend?

Johnny,

I haven't heard anything different about Shell, other than right now, they haven't asked for a single site determination, but that Mike was inclined to continue to allow them to clean up their permits. That's generally what's happening here with Ascend, right? They're cleaning up their authorizations at the site?

All,

Looks like Ascend's request is very similar to Shell's. That is, one RN with some NSR and TV related permits under two subsidiaries. Please review and comment on this. In addition, what is the latest on Shell?

Please advise.

Thanks,
