Company:	City Of El Paso, Environmental Svcs	Job Title:	Director
Name(In Print):	Ellen Smyth	Phone:	(915) 621-6719
Signature:		Date:	1/26/2012

Completing the TCEQ Core Data Form

What is the Core Data Form?

The Core Data Form (CDF) collects core data about the people, businesses, and institutions that TCEQ regulates.

"Core Data" refers to names, addresses, phone numbers, business types and other information that is shared across the agency.

When to complete this form?

Only under the following circumstances should a Core Data Form be submitted:

- Your Core information is not yet in the Central Registry database or is incomplete
- Your information has changed from what is currently in the Central Registry database
- It is requested by the agency

You can check the status of your data in Central Registry on-line at <http://www4.tceq.state.tx.us/crpub/>.

Note: If you are processing a new permit, change of ownership or termination additional forms besides the Core Data Form may be required. Please contact Central Registry for assistance at (512) 239-5175.

Where do I send this form?

- To the address on the other TCEQ forms the Core Data Form is accompanying
- To the location requested by TCEQ staff
- For an update to Core Data submit the Core Data Form to the address below:

TCEQ
Central Registry Program MC 144
PO Box 13087
Austin, TX 78711-3087

What is a Customer?

What is a Regulated Entity?

Customer - An Individual or Organization responsible for one or more Regulated Entities. Examples include owners and operators of a site or an individual who holds a license.

Regulated Entity - This is the activity, site or thing that TCEQ regulates. The Regulated Entity is located at the actual physical address of where the regulated activity is occurring. Examples are a site, facility or license.

Example

The following Customers own or are responsible for the corresponding Regulated Entities.

Customer	Regulated Entity
Worlds Inc	Roads Landfill
Duke Energy Field Services LP	Englewood Compression Station
Exxon Mobil Corporation	Tiger Mart 791

What are CN and RN Numbers?

CN and RN numbers are used to identify Customers and Regulated Entities in Central Registry. These numbers do not replace other numbers (ex. Permit, Registration, Account, etc.) They can be used to easily access your information in the Central Registry database. Located at <http://www4.tceq.state.tx.us/crpub/>

Each Customer is issued a unique 11 digit identification number called a **Customer Reference Number (CN)**. These identifiers will be referred to as "CN numbers" because they start with "CN" and end with a 9 digit number (ex. CN123456789). Each Customer should have only one CN number.

Each Regulated Entity is also issued a unique 11 digit identification number called a **Regulated Entity Reference Number (RN)**. These identifiers will be referred to as "RN numbers" because they begin with "RN" and end with a 9 digit number (ex. RN123456789). Each Regulated Entity should have only one RN number.

Do I receive a new CN or RN Number each time I submit a form?

No. A new CN or RN number is assigned only if the following conditions are met.

- The Customer has not yet been issued a CN Number in Central Registry

A Customer may be involved with many sites and/or licenses but should only be issued a single CN Number in Central Registry.

- The Regulated Entity does not already have a Regulated Entity Number (RN) in Central Registry

A Regulated Entity is located at the actual physical address where the regulated activity is occurring with the exception of portable Regulated Entities and licenses. There should be only one RN number issued for each location. Once a site has an RN number, that number will stay with the site regardless of how many times it changes Customers (owners / operators).
