TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

October 13, 2006

MR. JOHN BOYKIN
OWNER
BOYKIN HOMES AND LAND SALES LLC
300 S MAIN
LUMBERTON, TEXAS 77657

Permit by Rule Registration Number:	70860L003
Location/City/County:	9.113 acres in the William Slade Survey Abstract # 454 across the street from 405 West Walton., Lumberton, Hardin County
Project Description/Unit:	Trench Burner
Regulated Entity Number:	RN103915633
Customer Reference Number:	CN602421299
New or Existing Site:	New
Affected Permit (if applicable):	None
Renewal Date (if applicable):	10/13/2011

Boykin Homes and Land Sales, LLC has registered the emissions associated with a trench burner under Title 30 Texas Administrative Code § 106.496.

For rule information see www.tceq.state.tx.us/permitting/air/nav/numerical_index.html.

The company is also reminded that these facilities may be subject to and must comply with other state and federal air quality requirements. This registration is authorized on behalf of the TCEQ Executive Director. If you have questions, please contact Ms. Donna Wurst at (512) 239-5258.

A handwritten signature in black ink, appearing to read "Anne M. Inman".

Anne M. Inman, P.E., Manager
General/Standard/Rule (GSR) Permit Section

AIR PERMIT BY RULE TECHNICAL REVIEW

Registration No.: 70860L003

Project No.: 124899

APD Reviewer: Ms. Donna Wurst

Company Name: Boykin Homes and Land Sales, LLC

Facility Name: Air Curtain Incinerator

PBR Claimed: 106.496

General Rules Check:

	Yes	No	Describe
Is each PBR \leq 25/250 tpy?	X		
Are PBR sitewide emissions > 25/250 tpy? (PN)		X	
Are there permit limits on using PBRs at site?		X	
Is PSD/Nonattainment netting required?		X	
Is FCAA §112g review required? (10/25 tpy)		X	
Do NSPS/NESHAPS/MACT Standards apply?		X	
Does NOx Cap and Trade apply to this PBR?		X	
Is the facility in compliance with all other applicable rules and regulations?	X		
Was appropriate fee received?	X		\$100.00 – TCEQ Voucher# 16598
Is this facility located at a Title V major site?		X	

Overall Site / Unit Description: This registration request is for the construction of an air curtain incinerator located at the 9.113 acres in the William Slade Survey Abstract #454, across the street from 405 West Walton in Lumberton, Hardin County.

This permit by rule will serve as their initial registration under the amended rule. The company submitted a 106.4 checklist and a 106.496 checklist demonstrating compliance with the rules.

Communication Log:

Date	Time	Name/Company	Subject of Communication
09/28/2006	1:42 PM	Ms. Gayle Floyd / Secretary Boykin Homes and Land Sales, LLC	Reviewer contacted applicant's secretary to request a 106.4 checklist and a 106.496 checklist to expedite the process.
09/28/2006	3:00 PM	Receptionist (Julie) Boykin Homes and Land Sales, LLC	Applicant's receptionist called reviewer to state that assistance would be needed in filling out the 106.4 and 106.496 checklists. Reviewer suggested calling Small Business Assistance.
10/02/2006	10:30 AM & 3:30 PM	Ms. Gayle Floyd / Secretary Boykin Homes and Land Sales, LLC	Applicant's secretary faxed reviewer the requested 106.4 and 106.496 checklists.
10/09/2006	2:30 PM	Ms. Gayle Floyd / Secretary Boykin Homes and Land Sales, LLC	Reviewer contacted applicant's secretary to ask for clarification on the depth of the trench. The checklist states 'no less than 6 feet deep' but the rule states 'no less than 10 feet deep'. It was requested that the reviewer speak to Mr. John Boykin (owner/applicant).
10/09/2006	2:35 PM	Mr. John Boykin / Owner	Reviewer contacted applicant for clarification on the depth of the trench. The checklist states 'no less than 6 feet deep' but the rule states 'no less than 10 feet deep'. Mr. Boykin stated that the trench will be 12 feet deep.
10/10/2006	3:00 PM	Mr. John Boykin / Owner	Reviewer contacted applicant to inquire about the length of the trench. It was indicated on the 106.496 checklist that the trench will exceed the length of the air manifold fan system. Applicant stated that the trench will not exceed the length of the air manifold system.

Distance Limitations (if applicable):

	Yes	No	Description/Outcome	Date	Reviewed by
Site Review/Distance Limits	X		Region 10 recommended proceeding with the registration. There will be a moderate nuisance/odor potential and a low hazard potential.	10/02/2006	Mr. John Cotton & Mr. Doug Dusang
PBR Distance Limits Met?			Company stated nearest off-site receptor is 301 feet.	10/09/2006	Ms. Donna Wurst

Compliance History:

Does this registration require a 30 TAC 60 review?

Yes No
X

In accordance with 30 TAC Chapter 60, a compliance history report was reviewed on:

The compliance period was

from 08/31/2006

to 10/09/2006

to 09/01/2001

Site rating & classification? 12 – Average

Company rating & classification? 12 – Average

If site was Poor, what action(s) occurred as a result? (i.e. changes to permit, reduced renewal period, etc.)

N/A

If the rating is 40<RATING<45, what was the outcome, if any, based on the findings in the formal report?

N/A

Is the permit recommended to be denied on the basis of compliance history or rating?

N/A

Has the permit changed on the basis of the compliance history or rating?

No

Our checklist # 106.496 as requested

Thanks!

Air Curtain Incinerators Air Permits by Rule (PBR) Checklist Title 30 Texas Administrative Code §106.496

Electronic Submittal – Complete this document and attach to Email along with PI-7 submittal.
Hard-Copy Submittal – Print and complete the following checklist and attach to PI-7 submittal.

Check the most appropriate answer and include any additional information in the spaces provided. If additional space is needed, please include an extra page and reference the question number. The PBR forms, tables, checklists, and guidance documents are available from the TCEQ, Air Permits Division Web site at:

This PBR (§106.496) requires registration with the commission's Office of Permitting, Remediation, and Registration in Austin before construction begins. Registration of the facility can be performed by completing a Form PI-7, entitled, "Registration for Permits by Rule" or, Form PI-7-CERL, entitled, "Certification and Registration for Permits by Rule." This checklist should accompany the registration form.

Definitions:

Air curtain incinerator (ACI): An incinerator that operates by forcefully projecting a curtain of air across an open chamber or pit in which combustion occurs. Incinerators of this type can be constructed above or below ground and with or without refractory walls or floor.

Clean lumber: Wood or wood products that have been cut or shaped and includes wet, air-dried, and kiln-dried wood products. Clean lumber does not include wood products that have been painted, pigment-stained, or pressure-treated by compounds such as chromate, copper arsenate, pentachlorophenol, or creosote.

Emergency cleanup: The removal and disposal of wastes resulting from events such as high winds, floods, and other events of nature that are necessary to protect public health and safety.

Land-clearing: The removal of trees, brush, and other vegetative matter from agriculture, forest management, or land development.

Municipal solid waste sites: Landfills that may burn on-site or off-site generated waste as specifically authorized by the executive director under of this title (relating to Permit Required).

Noncommercial industrial sites: Locations at which on-site generated waste resulting from the processing or manufacturing of products may be burned. These industrial sites must be noncommercial, as limited by of this title (relating to Permit Required), and burn only on-site generated waste that result from the processing or manufacturing of products, and do not include sites that accept off-site generated waste for disposal or destruction.

Site: One or more contiguous or adjacent properties that are under common control of the same person, or persons under common control.

CHECK THE MOST APPROPRIATE ANSWERS AND FILL IN THE BLANKS

(a) Subtitle of Rule Section Name

Rule	Questions/Description	Information	Answers
(a)	<p>What type of unit you are registering? (Choose one.) <i>If you checked Permanent, you must register the Air Curtain Incinerator with a Title V Air Operating Permit under 40 CFR Part 60, "Standard of Performance of NSPS" Subpart E; at web address:</i> http://www.tceq.state.tx.us/permitting/air/rules/federal/60.cfr.htm http://www.tceq.state.tx.us/permitting/air/rules/air/operating/v.html http://www.tceq.state.tx.us/permitting/air/rules/air/permits.html http://www.tceq.state.tx.us/permitting/air/rules/air/operating/v.html</p> <p><i>The Site Operating Permit Technical Review Fact Sheet can be accessed at web address:</i> http://www.tceq.state.tx.us/permitting/air/rules/air/site/operating/fact-sheet.html</p> <p><i>If you checked Portable, please answer the following questions.</i></p>	<p><input checked="" type="checkbox"/> Portable <input type="checkbox"/> Permanent</p>	<p><i>Portable</i></p>
(b)(1)	Is the ACI used only for the burning of trees, clean lumber, and brush from land clearing?		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(b)(2)	Will the material to be burned come from land-clearing, right-of-way maintenance, emergency clean-up operations, noncommercial industrial sites, and municipal solid waste sites?	<i>land-clearing</i>	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO

Operational Limits			
(c)(1)	What is the distance of the facility from its nearest off-property receptor?	301 ft	
(c)(2)(A)	What are the total hours of operation in a rolling 12-month period?	600 hrs/yr	
(c)(2)(B)	Will the portable ACI be temporarily located at a site and operate up to 180 consecutive calendar days or 600 hours, whichever occurs first, and removed from the site after ceasing operation?		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
Daily Operation			
(c)(3)(A)	Will the daily burning commence no earlier than one hour after sunrise?		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(c)(3)(B)	Will the daily burning be completed on the same day, not later than one hour before sunset? <i>At the end of the burn, embers shall not be flaming or smoking, and no additional fuel shall be added to the ACI.</i>		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(c)(3)(C)	Will material added to the ACI be below the air curtain?		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(c)(3)(D)	Will an operator remain with the ACI at all times it is operating?		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(c)(3)(E)	Will the ACI blower remain on until the end of daily burning or until enough material is consumed so that any remaining material in the trench does not flame or cause smoke that exceeds the requirements of this section when the blower is turned off?		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(c)(3)(F)	Will material not being worked and material being stockpiled to be burned at a later date be kept at least 75 feet from the trench or fire box?		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
Visible Emissions			
(c)(4)(A)	Will visible emissions from the ACI, stockpiles, work areas, and any in-plant roads associated with the facility leave the property for a period exceeding 30 seconds in any six-minute period as determined by United States Environmental Protection Agency Test Method 22?		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(c)(4)(B)	Will best management practices be used to ensure that the ACI blower is operated in a manner to minimize smoke and ash becoming airborne?		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
Emissions from Products of Combustion			
(c)(5)	Will the facility be operated in compliance with this section of emissions from products of combustion?		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO <input type="checkbox"/> N/A
Compliance			
(c)(6)	Will additional material be added to the ACI?		<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO <input type="checkbox"/> N/A
Trench Burning			
(d)	Does this facility use a trench and air manifold fan system?		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO <input type="checkbox"/> N/A
(d)(1)	At all times, will the trench be less than 12 feet wide, 35 feet long, and no less than 6 feet deep?		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO <input type="checkbox"/> N/A
(d)(2)	Does the length of the trench exceed the length of the air manifold fan system?		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO <input type="checkbox"/> N/A
(d)(3)	Will the walls of the trench be maintained such that they remain sufficiently vertical to maintain the air curtain?		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO <input type="checkbox"/> N/A
(d)(4)	Will any ash left in the trench be completely covered with incombustible material and soil?		<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO <input type="checkbox"/> N/A
Firebox Burning			
(e)	Does the facility use an above-ground firebox and air manifold fan system?		<input type="checkbox"/> YES <input type="checkbox"/> NO <input checked="" type="checkbox"/> N/A
(e)(1)	Are the interior dimensions of the firebox greater than 8 feet wide, 35 feet long, and no less than 6 feet deep?		<input type="checkbox"/> YES <input type="checkbox"/> NO <input checked="" type="checkbox"/> N/A
(e)(2)	Will the walls of the firebox be maintained such that they remain sufficiently vertical to maintain the air curtain?		<input type="checkbox"/> YES <input type="checkbox"/> NO <input checked="" type="checkbox"/> N/A

(e)(3)	Is the length of the air blower manifold equal to the length of the firebox burning area?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO <input checked="" type="checkbox"/> N/A
(e)(4)	Will the firebox be equipped with refractory walls and above-fire air supply and will it operate no more than 750 hours in any rolling 12-month period?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO <input checked="" type="checkbox"/> N/A
Ash Processing		
(f)(1)	Will all ash that is generated, as a result of the ACI operation, be handled in accordance with the requirements of this section?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(f)(1)(A)	Will all ash that is generated be removed during burning as necessary to maintain efficient combustion?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(f)(1)(B)	Will the ash be removed in such a way that ash dust is minimized during handling?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(f)(1)(C)	Will ash be completely extinguished (not smoldering) before being disposed of or replaced in contact with combustible material, and stored so no fire hazard is created?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(f)(2)	Will all ash that is generated, as a result of the ACI operation, be handled in accordance with the requirements of this section?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(f)(2)(A)	Will ash be disposed of by being buried on-site in the ACI trench, be deed recorded, and a copy of the document provided to the executive director as required by 40 CFR § 60.2 (relating to Deed Recordation)?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO <input checked="" type="checkbox"/> N/A
(f)(2)(B)	Will ash be disposed of by sending it to a Type I landfill and be containerized with no hot coals?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO <input type="checkbox"/> N/A
(f)(2)(C)	If ash is being disposed of by beneficial use, has it been determined to be acceptable by the executive director? <i>If "NO," please call the TCEQ Air Permits Division, General/Standard/Permits by Rule (GSR) Section at 512-239-1250.</i>	<input type="checkbox"/> YES <input type="checkbox"/> NO <input checked="" type="checkbox"/> N/A
Other Applicable Rules and Regulations		
(g)(3)	For a permanent ACI, is the unit used for Commercial and Industrial Solid Waste Incineration? <i>If "YES," commercial and industrial solid waste incinerators must address the applicability of 40 CFR Part 60, Subpart CCCC, Standards of Performance for Commercial and Industrial Solid Waste Incineration Units for Which Construction Is Commenced after November 30, 1999 or for Which Modification or Reconstruction is Commenced on or After June 1, 2001 (as published in the December 1, 2000 issue of the Federal Register).</i> <i>Note: Commercial and Industrial Solid Waste Incinerators must demonstrate compliance with this federal regulation, including initial stack sampling, opacity reading, reporting, and record keeping.</i> <i>If "YES," proceed to the next section.</i>	<input type="checkbox"/> YES <input type="checkbox"/> NO
(g)(5)	Nothing in this section removes the responsibility of the owner/operator from obtaining any necessary authorization under Chapter 308 of this title (relating to Criteria and Standards for the National Pollutant Discharge Elimination System).	
Administrative		
(h)(1)	Will multiple ACIs, or multiple locations of a single ACI, at a given site meet all design requirements, operating restrictions, and the cumulative annual hourly limitation?	<input type="checkbox"/> YES <input type="checkbox"/> NO <input checked="" type="checkbox"/> N/A
(h)(2)(A)	Is this an Initial Registration? <i>If "YES," Initial Registration must be sent to the Regional Director with this checklist attached to a Core Data Form and Form PI-7, entitled, "Registration for Permits by Rule."</i>	<input type="checkbox"/> YES <input type="checkbox"/> NO <input checked="" type="checkbox"/> N/A

(h)(2)(B)	Is this a re-Registration due to a Notice of Enforcement? <i>If "YES," re-Registration must be sent to the Regional Director with this checklist attached to a Core Data Form and Form PI-7, entitled "Registration for Permits by Rule."</i>	<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO <input type="checkbox"/> N/A
(h)(2)(C)	For an emergency clean-up operation only, was the Regional Notification Standard Permit/Permit by Rule Relocation Form submitted to the Regional Office and local air pollution control program?	<input type="checkbox"/> YES <input type="checkbox"/> NO <input checked="" type="checkbox"/> N/A
(h)(2)(D)	Is this a Registration Renewal? <i>If "YES," Registration Renewal must be sent to the Regional Director with this checklist attached to a Core Data Form and Form PI-7, entitled "Registration for Permits by Rule."</i>	<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO <input type="checkbox"/> N/A
(h)(3)(B)	For a Relocation Notification, was the Regional Notification Standard Permit/Permit by Rule Relocation Form submitted to the Regional Office and local air pollution control program at least 14 days prior to proposed operation?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO <input type="checkbox"/> N/A
(h)(4)	Will records be kept to demonstrate compliance with the permit by rule conditions listed above?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO <input type="checkbox"/> N/A
(h)(4)(A)	Is the ACI equipped with a run time meter and a written record or log of the hours of operation of the ACI maintained at this site and made available at the request of personnel from the commission or any air pollution control program having jurisdiction?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(h)(4)(B)	Will records be kept to demonstrate compliance with all operational or location requirements? These records must include a copy of the return receipt demonstrating notification to the appropriate regional office and local air pollution control programs having jurisdiction, and plot plans showing distance limits are met. For portable facilities once relocated to a new site, records will be maintained at a central location for a two-year rolling period.	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(h)(4)(C)	Will the copy of the PBR rule and any operating instructions be kept at the burn site, followed by owners or operators, and be made available at the request of personnel from the commission or any local air pollution control program having jurisdiction?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
(h)(4)(D)	Will the ACI unit be clearly and permanently marked with the regulated entity (preferred) or account identification number on the fan manifold or aboveground unit?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO

Record Keeping: In order to demonstrate compliance with the general and specific requirements for this PBR, the owner or operator of the ACI, at a minimum, must meet the following requirements:

- (A) The ACI must be equipped with a run time meter. A written record or log of the hours of operation of the ACI must be maintained at the site and made available at the request of personnel from the commission or any air pollution control program having jurisdiction. This run time record or log must be organized such that compliance with the requirements of this section can be readily determined.
- (B) Records must be kept to demonstrate compliance with all operational or location requirements of this section. These records must include a copy of the return receipt demonstrating notification to the appropriate regional office and local air pollution control programs having jurisdiction, and plot plans showing distance limits are met. For portable facilities, once relocated to a new site, records must be maintained at a central location for a two-year rolling period.
- (C) A copy of this section and any operating instructions must be kept at the burn site, followed by owners or operators, and made available at the request of personnel from the commission or any local air pollution control program having jurisdiction.
- (D) The ACI must be clearly and permanently marked with the regulated entity (preferred) or account identification number on the fan manifold or aboveground unit.

In addition, the required record keeping in accordance with 30 TAC § may be based upon one time calculations, monitoring devices, data sets, or periodic calculations based upon actual production.

Recommended Calculation Method: In general, air emissions estimates are not required during a PBR-registration review for this facility. However, in order to demonstrate compliance with the general requirements for PBRs, the applicant may be asked to estimate air emissions during an investigation. These estimates can be made by compiling the required records. If sufficient records are maintained on-site and requirements are being met, the applicant and the TCEQ will be able to establish these emission rates if needed.

COMMENTS:

Checklist # 106.4 as requested - The job site inspector John Cotton, from the local (regional) office pointed out that on our Relocation Form (#20122) we had mistakenly checked that our trench burner was a permanent facility when in fact it is a portable facility. And on our Checklist 106.496 question # (C)(4)(A) I also inadvertently checked the wrong answer - Our answer is NO. So sorry for the confusion.

Thanks

Texas Commission on Environmental Quality
Permit by Rule Applicability Checklist
Title 30 Texas Administrative Code § 106.4

Electronic Submittal - Only enter the PI-7 confirmation number here 1158763479 if submitting electronically.
 Hard-Copy Submittal - Print and complete this checklist.

The following checklist was developed by the Texas Commission on Environmental Quality (TCEQ), Air Permits Division, to assist applicants in determining whether or not a facility meets all of the applicable requirements. Before claiming a specific Permit by Rule (PBR), a facility must first meet all of the requirements of Title 30 Texas Administrative Code § 106.4 (30 TAC § 106.4), "Requirements for Permitting by Rule." Only then can the applicant proceed with addressing requirements of the specific Permit by Rule being claimed.

The use of this checklist is not mandatory; however, it is the responsibility of each applicant to show how a facility being claimed under a PBR meets the general requirements of 30 TAC § 106.4 and also the specific requirements of the PBR being claimed. If all PBR requirements cannot be met, a facility will not be allowed to operate under the PBR and an application for a construction permit may be required under 30 TAC § 116.110(a).

Registration of a facility under a PBR can be performed by completing Form PI-7 (Registration for Permits by Rule) or Form PI-7-CERT (Certification and Registration for Permits by Rule). The appropriate checklist should accompany the registration form. Check the most appropriate answer and include any additional information in the spaces provided. If additional space is needed, please include an extra page and reference the question number. The PBR forms, tables, checklists and guidance documents are available from the TCEQ, Air Permits Division Web site at: www.tceq.state.tx.us/permitting/air/nas/air_pbr.html.

1. 30 TAC § 106.4(a)(1) & (4): Emission limits	
List emissions in tpy for each facility (add additional pages or table if needed): SO ₂ = <u>0.005</u> PM ₁₀ = <u>0.247</u> VOC = <u>0.95</u> NO _x = <u>0.2</u> CO = <u>0.05</u> Other _____ = _____ SO ₂ = _____ PM ₁₀ = _____ VOC = _____ NO _x = _____ CO = _____ Other _____ = _____ SO ₂ = _____ PM ₁₀ = _____ VOC = _____ NO _x = _____ CO = _____ Other _____ = _____ Total <u>0.005</u> <u>0.247</u> <u>0.95</u> <u>0.2</u> <u>0.05</u> _____	
• Are the SO ₂ , PM ₁₀ , VOC, or other air contaminant emissions claimed for each facility in this PBR submittal less than 25 tpy? • Are the NO _x and CO emissions claimed for each facility in this PBR submittal less than 250 tpy?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO <input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
<i>If the answer to both is "Yes," continue to the question below. If the answer to either question is "No," a PBR cannot be claimed</i>	
Has any facility at the property had public notice and opportunity for comment under 30 TAC Section 116 for a regular permit or permit renewal? (This does not include public notice for voluntary emission reduction permits, grandfathered existing facility permits, or federal operating permits.)	<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO
<i>If "Yes," skip to Section 2. If "No," continue to the questions below.</i>	
If the site has had no public notice, please answer the following: • Are the SO ₂ , PM ₁₀ , VOC, or other emissions claimed for all facilities in this PBR submittal less than 25 tpy? • Are the NO _x and CO emissions claimed for all facilities in this PBR submittal less than 250 tpy?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO <input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
<i>If the answer to both questions is "Yes," continue to Section 2. If the answer to either question is "No," a PBR cannot be claimed. A permit will be required under Chapter 116.</i>	
2. 30 TAC § 106.4(a)(2): Nonattainment check	
Are the facilities to be claimed under this PBR located in a designated ozone nonattainment county? <i>If "Yes," please indicate which county by checking the appropriate box to the right.</i> (Marginal) - Hardin, Jefferson, and Orange counties (BPA) (Moderate) - Brazoria, Chambers, Fort Bend, Galveston, Harris, Liberty, Montgomery, and Waller counties (HGA) (Moderate) - Collin, Dallas, Denton, Ellis, Johnson, Kaufman, Parker, Rockwall, and Tarrant counties (DFW)	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO <input checked="" type="checkbox"/> BPA <input type="checkbox"/> HGA <input type="checkbox"/> DFW
<i>If "Yes," to any of the above, continue to the next question. If "No," continue to Section 3.</i>	

Permit by Rule General Applicability Checklist 30 TAC § 106.4

Does this project trigger a nonattainment review? To determine the answer, review the information below:

- Is the project's potential to emit (PTE) for emissions of VOC or NO_x increasing by 100 tpy or more?
PTE is the maximum capacity of a stationary source to emit any air pollutant under its worst-case physical and operational design unless limited by a permit, rule, or mode federally enforceable by a certification.
- Is the site an existing major nonattainment site and are the emissions of VOC or NO_x increasing by 40 tpy or more?

☐ YES ☒ NO

☐ YES ☒ NO

If needed, attach contemporaneous netting calculations per nonattainment guidance.

Additional information can be found at:

www.tceq.state.tx.us/permitting/air/forms/newsourcesreview/tables/nsr_table8.html and
www.tceq.state.tx.us/permitting/air/nav/air_docs_newsources.html

If checklist is submitted as a hard copy, attach additional pages as needed. If checklist is submitted electronically, please email attachment to the following address: apd@tceq.state.tx.us

If "Yes," to any of the above, the project is a major source or a major modification and a PBR may not be used. A Nonattainment Permit review must be completed to authorize this project. If "No," continue to Section 3.

3. 30 TAC § 106.4(a)(3): Prevention of Significant Deterioration (PSD) check

Does this project trigger a review under PSD rules? To determine the answer, review the information below:

- Are emissions of any regulated criteria pollutant increasing by 100 tpy of any criteria pollutant at a named source?
- Are emissions of any criteria pollutant increasing by 250 tpy of any criteria pollutant at an unnamed source?
- Are emissions increasing above significance levels at an existing major site?

☐ YES ☒ NO

☐ YES ☒ NO

☐ YES ☒ NO

PSD information can be found at:

www.tceq.state.tx.us/permitting/air/forms/newsourcesreview/tables/nsr_table9.html and
www.tceq.state.tx.us/permitting/air/nav/air_docs_newsources.html

If "Yes," to any of the above, a PBR may not be used. A PSD Permit review must be completed to authorize the project. If "No," continue to Section 4.

4. 30 TAC § 106.4(a)(6): Federal Requirements

- Will all facilities under this PBR meet applicable requirements of Title 40 Code of Federal Regulations (40 CFR) Part 60, New Source Performance Standards (NSPS)? If "Yes," which Subparts are applicable?:

- Will all facilities under this PBR meet applicable requirements of 40 CFR Part 63, Hazardous Air Pollutants Maximum Achievable Control Technology (MACT) standards? If "Yes," which Subparts are applicable?:

- Will all facilities under this PBR meet applicable requirements of 40 CFR Part 61, National Emissions Standards for Hazardous Air Pollutants (NESHAPs)? If "Yes," which Subparts are applicable?:

☐ YES ☒ NO

☐ N/A

☐ YES ☐ NO

☒ N/A

☐ YES ☐ NO

☒ N/A

If checklist is submitted as a hard copy, attach additional pages as needed. If checklist is submitted electronically, please email attachment to the following address: apd@tceq.state.tx.us

If "Yes" to any of the above, please attach a discussion of how the facilities will meet any applicable standards.

5. 30 TAC § 106.4(a)(7): PBR prohibition check

Are there any air permits at the site containing conditions which prohibit or restrict the use of PBRs?

☐ YES ☒ NO

If "Yes," PBRs may not be used or their use must meet the restrictions of the permit. A new permit or permit amendment may be required. List permit number(s): _____

If "No," continue to Section 6.

Permit by Rule General Applicability Checklist 30 TAC § 106.4

6. 30 TAC § 106.4(a)(8): NO_x Cap and Trade																						
<ul style="list-style-type: none"> Is the facility located in Harris, Brazoria, Chambers, Fort Bend, Galveston, Liberty, Montgomery, or Waller County? <i>If "Yes," answer the question below. If "No," continue to Section 7.</i> 	<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO																					
<ul style="list-style-type: none"> Will the proposed facility or group of facilities obtain required allowances for NO_x if they are subject to 30 TAC Chapter 101, Subchapter H, Division 3 (relating to the Mass Emissions Cap and Trade Program)? 	<input type="checkbox"/> YES <input type="checkbox"/> NO																					
7. Highly Reactive Volatile Organic Compounds (HRVOC) check																						
<ul style="list-style-type: none"> Is the facility located in Harris County? <i>If "Yes," answer the next question. If "No," skip to the box below.</i> Will the project be constructed after June 1, 2006? <i>If "Yes," answer the next question. HI TONI,

The voucher number you requested is 16598 and the amount was \$100.00. I sent by certified mail all original copies of the PI-7, Core Data Form, Relocation Form, Checklist, and appropriate plats yesterday, Sept 21, 2006. Please let me know what else (hopefully nothing) that you might need. Sorry I did not read my E-mail till this morning. Any questions just call me at 755-2333.

Thanks,
Gayle

Hi Gayle,

I have the electronic PI-7 submittal for the 106.496 Permit by Rule Registration for RN103915633. I need the TCEQ Voucher Number for the fee you submitted electronically, and also the amount of the fee. I would appreciate it if you could e-mail this information as soon as possible. I would like to transfer this to technical review sometime on Friday. Please call me at (512) 239-1311 if you have any questions.

Thanks for your help!

Toni Oyler

II. FACILITY AND SITE INFORMATION

124899

A. Name and Type of Facility: TRENCH BURNER PORTABLE

**B. Permits by Rule (PBR) claimed under 30 TAC § 106.496 Air
Curtain Incinerators**

Are you claiming historical standard exemption or PBR?

If "YES" enter SE or PBR effective date: No

**C. Are you registering a grandfathered facility? No If "YES," attach
documentation of construction date**

**D. Is there a previous Standard Exemption or PBR for the facility in
this registration? Yes**

(Attach details regarding changes)

If "YES" enter Registration No.: 70860L002

If "YES" enter Rule No.:

**E. Are there any other facilities at this site which are authorized by an
air Standard Exemption or PBR? No**

If "YES" enter Registration No.:

If "YES" enter Rule No.:

F. Are there any other air preconstruction permits at this site? No

If "YES" enter Permit Nos.:

G. Is this site required to obtain an air federal operating permit? No

If "YES" enter Permit No.:

H. TCEQ Account Identification Number (if known): N/A

III. FEE INFORMATION

*To determine if a fee is required answer the following questions. If
"YES" to either of the following two questions in III A., a fee is not
required and skip to Section IV. If both answers in III. A. are "NO",
then go to Section III. B. See section VII for address to send fee*

**A. Is this registration an update to a previously registered facility and
accompanied by a Certification Form solely to
establish a federally enforceable emission limit? No**

**B. What is the fee amount? If "YES," to any of the following three
questions, a \$100 fee is required. Otherwise, a \$450 fee is required.**

Does this business have less than 100 employees? Yes

**Does this business have less than 1 million dollars in annual gross
receipts? No**

Is this registration submitted by a governmental entity with a

Received

SEP 21 2006

Air & Waste Applications

population of less than 10,000? No

C. Check/Money Order/Transaction Number (Make checks payable to Texas Commission on Environmental Quality):

Company Name on Check:

Fee Amount:

Was fee paid online? Yes

IV. SELECTED FACILITY REVIEWS ONLY -TECHNICAL INFORMATION

A. Is the required PBR checklist attached which shows the facility meets all general and specific requirements of the PBR(s) being claimed? Yes

B. Distance from this facility's emission release point to the nearest property line: 301 Feet

Distance from this facility's emission release point to the nearest off-property structure: 301 Feet

V. TECHNICAL INFORMATION INCLUDING STATE AND FEDERAL REGULATORY REQUIREMENTS

Registrants must be in compliance with all applicable state and federal regulations and standards to claim a PBR.

A. Is confidential information submitted and properly marked with this registration?

No

B. Is a process flow diagram or a process description attached?

Yes
