Dear Mr. Specht:

This is in response to your letter received on August 24, 2004, concerning notice of shutdown of grandfathered facilities at your site. We understand that you will shut down the following grandfathered facilities in accordance with Title 30 Texas Administrative Code § 116.772(a) (30 TAC § 116.772[a]) and cease emitting air contaminants by the dates specified below.

Facility Identification Number	Emission Point Number	Facility Name	Estimated Shutdown Date

ENG-2	E-2	Ingersoll Rand 410 KVSR Compressor Engine	03/01/2008

If you decide not to shut down any of the above facilities, you must obtain the proper authorization under 30 TAC Chapter 116 or 106 prior to recommencing operation.

Please reference the regulated entity number (RN) customer reference number (CN) noted in this document in all your future correspondence for the referenced facility or site.
