Re: Permit by Rule Registration No. 49612  
Houston Central Gas Plant  
Sheridan, Colorado County  
Account ID No. CR-0020-C

Dear Mr. White:

As requested in my telephone conversation with Mr. Kevin Janak and a letter from Argent Consulting Services, Inc., we are withdrawing the active permit by rule registration received on October 10, 2001. We understand that you do not wish to proceed with this registration because the engine has been registered under Exemption Registration Number X-10089 in 1977 and the unit will continue to operate under this number.

All records regarding this application will be retained in case you should wish to reactivate the project in the future. However, any future reactivation will require that you reapply under the requirements of Title 30 Texas Administration Code Chapter 106 and the permit by rule in effect at that time.

Thank you for informing us of the changed status of this project.

Sincerely,

Nancy A. Akintan
