Account ID No. CD-0123-C

Dear Mr. Duncan:

This is in response to your letter dated April 23, 2001 concerning the proposed installation of replacement equipment at RGV Gin located in Rio Hondo, Cameron County. We understand that you recently purchased the gin and are in the process of replacing existing equipment with equipment that functions in the same or similar manner as the old unit.

After evaluation of the information which you have furnished, we have determined that your proposed installation is authorized under 30 Texas Administrative Code (TAC) Section 106.264 if constructed and operated as described in your letter. This permit by rule is authorized by the Texas Natural Resource Conservation Commission (TNRCC) pursuant to 30 TAC Chapter 106.

A copy of the permits by rule in effect at the time of this registration is enclosed. You must construct, install, or modify facilities in accordance with the version of the permit by rule in effect when construction, installation, or modification actually begins (see 30 TAC Section 106.4[a][5]). After completion of construction, installation, or modification, the facility shall be operated in compliance with all the applicable conditions of the claimed permits by rule and 30 TAC Section 106.4.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all rules and regulations of the TNRCC and of the U.S. Environmental Protection Agency at all times.
