Re: Permit by Rule Registration
Organic Chemical Loading/Unloading
Crosby, Harris County
Account No. HG-0922-H

Dear Mr. Ameen:

This is in response to your letter dated April 2, 2001, concerning the loading and unloading of dimethyl aminopropyl methacrylamide at the above referenced facility. After evaluation of the information which you have furnished, we have determined that your project is exempt from the permit procedures under 30 Texas Administrative Code (TAC) Section 106.472 if operated as described in your letter.

This permit by rule was authorized by the Texas Natural Resource Conservation Commission (TNRCC) pursuant to 30 TAC Chapter 106. A copy of the permit by rule in effect at the time of this registration is enclosed. You must construct, install, or modify facilities in accordance with the version of the permit by rule in effect when construction, installation, or modification actually begins (see 30 TAC §106.4[a][5]). After completion of construction, installation, or modification, the facility shall be operated in compliance with the all applicable conditions of the claimed permit by rule and 30 TAC §106.4.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all rules and regulations of the TNRCC and of the U.S. Environmental Protection Agency at all times.

If you have any questions concerning this permit by rule, please call Mr. Dario Hearn at (713) 767-3740 or write to him at Texas Natural Resource Conservation Commission,

Mr. Brain Ameen
