Permit/Reg. Numbers:	Permit/Reg. Expiration Dates:	County:	Previous Permittee/Registrant:
73244	July 18, 2015	Fisher	National Gypsum of Texas, L.P.
8164	October 17, 2017	Fisher	National Gypsum of Texas, L.P.

39683	February 2, 2009	Tarrant	National Gypsum of Texas, L.P.

We understand that there will be no change in the type of pollutants emitted and no increase in the quantity of emissions. As the new permittee of the facilities, you have committed to maintain compliance with all air quality regulations of the Texas Commission on Environmental Quality (TCEQ) and the requirements of this permit at all times.

If you are a Title V federal operating permit holder, Title 30 Texas Administrative Code § 122.211 requires that changes to the permit identification of ownership or operational control of a site are an administrative revision to the permit. Such changes must be facilitated by a written agreement containing a specific date for transfer of permit responsibility, coverage, and liability between the old and new permit holder. This written agreement must be maintained with the permit.

In order to facilitate the administrative revision, please submit the following forms: OP-2 and OP-CR01. Also, make sure the information requested on form OP-1 sections I; II A and B; and VI is submitted in the revision application along with an indication of permit responsibility, coverage, and liability between the old and new permit holder.

Dear Mr. Nelson:

Thank you for the letter dated December 24, 2007, notifying us of the air permit transfers. Your letter states that New NGC, Inc. is now the Owner and Operator of the facilities listed above. The permit records have been updated to reflect the transfer.

Permit/Reg. Numbers:	Permit/Reg. Expiration Dates:	County:	Previous Permittee/Registrant:
73244	July 18, 2015	Fisher	National Gypsum of Texas, L.P.
8164	October 17, 2017	Fisher	National Gypsum of Texas, L.P.
73380	N/A	Fisher	National Gypsum of Texas, L.P.
4466C	November 13, 2016	Kimble	National Gypsum of Texas, L.P.
39683	February 2, 2009	Tarrant	National Gypsum of Texas, L.P.

We understand that there will be no change in the type of pollutants emitted and no increase in the quantity of emissions. As the new permittee of the facilities, you have committed to maintain compliance with all air quality regulations of the Texas Commission on Environmental Quality (TCEQ) and the requirements of this permit at all times.

If you are a Title V federal operating permit holder, Title 30 Texas Administrative Code § 122.211 requires that changes to the permit identification of ownership or operational control of a site are an administrative revision to the permit. Such changes must be facilitated by a written agreement containing a specific date for transfer of permit responsibility, coverage, and liability between the old and new permit holder. This written agreement must be maintained with the permit.

In order to facilitate the administrative revision, please submit the following forms: OP-2 and OP-CR01. Also, make sure the information requested on form OP-1 sections I; II A and B; and VI is submitted in the revision application along with an indication of permit responsibility, coverage, and liability between the old and new permit holder.
