Re: Star Litho Press  
Fort Worth, Tarrant County  
Account ID No. TA-0866-S

Dear Mr. Parsons:

This is in response to your permit by rule Form PI-7, concerning the registration of the Star Litho Press at the site for the Fort Worth Star-Telegram at 685 John B. Sias Memorial Parkway, Fort Worth, Tarrant County. We understand that the Star Litho press is the only equipment to be operated under a Permit By Rule at your site. We further understand that the total emissions from the press have been estimated by you to be 1.35 tons per year of volatile organic compounds and that there are no heatset inks used in the process.

After evaluation of the information which you have furnished, we have determined that your registration is authorized under 30 Texas Administrative Code (TAC) Section 106.418 if operated as described in your registration request. This permit by rule was authorized by the Texas Natural Resource Conservation Commission (TNRCC) pursuant to 30 TAC Chapter 106.

A copy of the permit by rule in effect at the time of this registration is enclosed. You must operate the facility in compliance with the all applicable conditions of the claimed permits by rule and 30 TAC §106.4.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all rules and regulations of the TNRCC and of the U.S. Environmental Protection Agency at all times.
