Account ID No. CM-0022-H

Dear Mr Willingham:

This is in response to your letter dated September 29, 2000, concerning the fan (F-5) replacement at Willingham Gin, Inc. located at 502 East Madison, Morton, Cochran County. Willingham Gin operates under Permit No. 25597. We understand that the new fan is slightly larger, but operates at a lower rate of speed, allowing this system to produce the same airflow with less maintenance.

After evaluation of the information which you have furnished, we have determined that your installation is authorized under 30 Texas Administrative Code (TAC) Section 106.264 if constructed and operated as described in your registration request. This permit by rule was authorized by the Texas Natural Resource Conservation Commission (TNRCC) pursuant to 30 TAC Chapter 106.

A copy of the permit by rule in effect at the time of this registration is enclosed. You must construct, install, or modify facilities in accordance with the version of the permit by rule in effect when construction, installation or modification actually begins (see 30 TAC §106.4(a)(5)). After completion of construction, installation or modification, the facility shall be operated in compliance with the all applicable conditions of the claimed permit by rule and 30 TAC §106.4.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all rules and regulations of the TNRCC and of the U.S. Environmental Protection Agency at all times.
