Re: Permit by Rule Registration
Reciprocating Engines
Gordon, Palo Pinto
Account ID No. PA-0076-S

Dear Mr. Allen:

This is in response to your letter dated August 11, 2000 concerning the proposed replacement-in-kind of a Caterpillar, Model G398, LCR engine at the Hamilton Compressor Station. We understand that the replacement is being made to minimize.

After evaluation of the information which you have furnished, we have determined that your proposed installation is authorized under 30 Texas Administrative Code (TAC) Section 106.264 if constructed and operated as described in your registration request. This permit by rule was authorized by the Texas Natural Resource Conservation Commission (TNRCC) pursuant to 30 TAC Chapter 106.

A copy of the permit by rule in effect at the time of this registration is enclosed. You must construct, install, or modify facilities in accordance with the version of the permit by rule in effect when construction, installation or modification actually begins (see 30 TAC Chapter 106.4[a][5]). After completion of construction, installation or modification, the facility shall be operated in compliance with the all applicable conditions of the claimed permits by rule and 30 TAC Chapter 106.4.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all rules and regulations of the TNRCC and of the U.S. Environmental Protection Agency at all times.

Mr. Joe E. Allen

Re: Permit by Rule Registration

Additional temporary and/or permanent local restrictions such as burn bans may prohibit outdoor burning in certain areas of the state. This authorization does not supercede such local prohibitions.

Your cooperation in this matter is appreciated. If you have any questions concerning this permit by rule, please call Mr. Emmanuel O. Ukandu at (713) 767-3699 or write him at Texas Natural Resource Conservation Commission, Office of Permitting, Remediation, and Registration, Air Permits Division (MC-162), P.O. Box 13087, Austin, Texas 78711-3087.

Sincerely,

Duncan F. Stewart, P.E., Manager
