Re: Permit by Rule Registration
Water Storage Tank
Conroe, Montgomery County

Dear Mr. Tramm:

This is in response to your letter requesting permit by rule registration for a pressure tank with a capacity of approximately 74 gallons and a storage tank with a capacity of approximately 592 gallons at Webb's Grocery in Conroe, Montgomery County. We understand that the system pressure is maintained via a pressure pump, which pumps from the storage tank to the pressure tank; the tanks store water only and there are no visible emissions.

After evaluation of the information which you have furnished, we have determined that your proposed construction is authorized under 30 Texas Administrative Code (TAC) Section 106.472 if constructed and operated as described in your registration request. This permit by rule was authorized by the Texas Natural Resource Conservation Commission (TNRCC) pursuant to 30 Texas Administrative Code Chapter 106.

A copy of the permit by rule in effect at the time of this registration is enclosed. You must construct in accordance with the version of the permit by rule in effect when construction actually begins (see 30 TAC Chapter 106.4[a][5]). After completion of construction the facility shall be operated in compliance with all applicable conditions of the claimed permits by rule and 30 TAC Chapter 106.4.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all rules and regulations of the TNRCC and of the U.S. Environmental Protection Agency at all times.

Mr. Richard Tramm
