Dear Mr. Lange:

This is in response to your letter dated February 10, 1998 concerning the proposed replacement of a battery condenser and fan system at Account ID No. RK-0008-L, Norton, Runnels County. After evaluation of the information which you have furnished, we have determined that your project is exempt from the permit procedures under 30 Texas Administrative Code (TAC) Section 106.264 if constructed and operated as described in your letter. We understand that the battery condenser and fan are a "like for like" replacement.

This exemption was authorized by the Executive Director of the Texas Natural Resource Conservation Commission (TNRCC) pursuant to 30 Texas Administrative Code Chapter 106. A copy of the exemption in effect at the time of this determination is enclosed. You must operate in accordance with all requirements of the enclosed exemption.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all rules and regulations of the TNRCC and of the U.S. Environmental
