Dear Mr. Jameson:

This is in response to your application received on February 26, 1996 concerning the proposed furnace. After evaluation of the information which you have furnished, we have determined that your project is exempt from the permit procedures under Standard Exemption 7 if constructed and operated as described in your letter.

This standard exemption was authorized by the Texas Natural Resource Conservation Commission (TNRCC) Executive Director pursuant to 30 TAC Section 116.211(a) of Regulation VI. A copy of the exemption in effect at the time of this determination is enclosed. You must operate in accordance with all requirements of the enclosed standard exemption.
