Dear Mr. Moore:

This is in response to your exemption registration, Form PI-7, concerning your plans to purge and clean 100 truck tankers previously containing herbicide at your depot/cleaning facility in Pasadena, Harris County.

After evaluation of the information which you have furnished, we have determined that your proposed plans are exempt from permitting procedures under Standard Exemption 106 if constructed and operated as described in your registration request. This standard exemption was authorized by the Executive Director of the Texas Natural Resource Conservation Commission (TNRCC) pursuant to Section 116.211 (Regulation VI). A copy of the exemption in effect at the time of this registration is enclosed. You must operate in accordance with all requirements of the enclosed standard exemption.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all rules and regulations of the TNRCC and of the U.S. Environmental Protection Agency at all times.
