Refinishing Facility

Re: Standard Exemption

Vehicle Repair and

Texas City, Galveston County
Account ID No. GB-0509-W

Dear Ms. Reeni:

The Texas Natural Resource Conservation Commission (TNRCC) has received Form PI-7(124) for your autobody repair shop at 1216 Texas Avenue in Texas City. In it you state that this facility is constructed and operated to meet all the requirements of Standard Exemption No. 124. Meeting these requirements exempts the facility from the TNRCC's air permitting procedures.

If you would like the TNRCC to verify that all the requirements of the exemption have been met, you can send a completed copy of the enclosed checklist to this office. If you choose to send the checklist, please indicate the Account ID No. found at the top of this letter. The TNRCC will review your information and notify you if it appears that your facility does or does not meet the requirements.

Remember, you must continue to operate in accordance with all the standard exemption requirements and all rules and regulations of the TNRCC and the Environmental Protection Agency. A copy of the current standard exemption is enclosed.

If you have any specific questions concerning this exemption, please contact Mr. Craig Richardson of our Office of Air Quality, New Source Review Division at (512) 239-1309.

Sincerely,

Joyce Reeni
