Re:   Fiberglass and Gelcoat Repair  
      Lewisville, Denton County  
      Account ID No. DF-0398-O

Dear Mr. Groover:

This is in response to your registration request dated October 16, 1995 concerning the proposed watercraft repair facility. After evaluation of the information which you have furnished, we have determined that your project is exempt from the permit procedures under Standard Exemption No. 113 if constructed and operated as described in your letter.

This standard exemption was authorized by the Executive Director pursuant to 30 TAC Section 116.211(a) of Regulation VI. A copy of the exemption in effect at the time of this determination is enclosed. You must operate in accordance with all requirements of the enclosed standard exemption.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all air quality rules and regulations of the Texas Natural Resource Conservation Commission and of the Environmental Protection Agency (EPA) at all times.

If you have any questions concerning this exemption, please contact Mr. Grant Cottingham of our Office of Air Quality, New Source Review Division at (512)239-1597.

Sincerely,

James E. Crocker, P.E.  
Manager, Coatings and Combustion Section  
New Source Review Division (MC-162)
