Re: Standard Exemption
Vehicle Repair and Refinishing Facility
Midland, Midland County
Account Number: ML-0245-A

Dear Mr. Nelson:

This is in response to your exemption registration, Form PI-7(124), concerning the operation of the facility at 2501 Commerce in Midland. We understand that your combined coating and solvent usage will not exceed more than one-half pint in any hour.

After evaluation of the information which you have furnished, we have determined that your autobody repair shop is exempt from permitting procedures under Standard Exemption Number 124 if constructed and operated as described in your claim. This standard exemption was authorized by the Texas Natural Resource Conservation Commission (TNRCC) Executive Director pursuant to TNRCC Title 30 Texas Administrative Code § 116.211(a) (30 TAC § 116.211[a]). A copy of the exemption in effect at the time of this claim is enclosed. You must operate in accordance with the requirements of the enclosed standard exemption.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all air quality rules and regulations of the TNRCC and of the U.S. Environmental Protection Agency at all times.

Your cooperation in this matter is appreciated. If you need further information or have any questions, please contact Mr. Aaron Martinez at (361) 825-3422 or write to the Texas Natural Resource Conservation Commission, Office of Permitting, Remediation, and Registration, Air Permits Division (MC-162), P.O. Box 13087, Austin, Texas 78711-3087.

Sincerely,

Anne M. Inman, Manager
Permit By Rule/General Operating Permits Section
Air Permits Division
Texas Natural Resource Conservation Commission
