Re: Dimethyldiethylammonium Hydroxide
Production
Austin, Travis County
Account ID No. TH-0079-S

Dear Mr. Fisher:

This is in response to your consultant's letter dated April 18, 1995 concerning the proposed dimethyldiethylammonium hydroxide production. After evaluation of the information which you have furnished, we have determined that your project is exempt from the permit procedures under Standard Exemption No. 106 if constructed and operated as described in your letter.

This standard exemption was authorized by the Executive Director pursuant to Texas Natural Resource Conservation Commission (TNRCC) Rule 116.211(a) of Regulation VI. A copy of the exemption in effect at the time of this determination is enclosed. You must operate in accordance with all requirements of the enclosed standard exemption.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all air quality Rules and Regulations of the TNRCC and of the U.S. Environmental Protection Agency (EPA) at all times.

Mr. John Fisher
