Re: Vehicle Repair and Refinishing
San Angelo, Tom Green County

Dear Mr. Constancio:

This is in response to your letter application received on January 4, 1995 concerning the existing vehicle repair and refinishing shop. We understand that your repair and refinishing operations include coating vehicle parts and that your combined usage rate of coatings and solvents is less than one half pint per hour. After evaluation of the information which you have furnished, we have determined that your facility is exempt from the permit procedures under Standard Exemption No. 124 if operated as described in your letter.

This standard exemption was authorized by the Executive Director pursuant to Texas Natural Resource Conservation Commission (TNRCC) Rule 116.211(a) of Regulation VI. A copy of the exemption in effect at the time of this determination is enclosed. You must operate in accordance with all requirements of the enclosed standard exemption.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all air quality Rules and Regulations of the TNRCC and of the U.S. Environmental Protection Agency at all times.

If you have any questions concerning this exemption, please contact Mr. Matthew R. Baker of our Office of Air Quality, New Source Review Program at (512) 239-1091.

Sincerely,

Victoria J. L. Hsu, P.E.
Manager, Coatings Section
New Source Review Program
