Exemption Notification
Aqueous Washing Machines
with Natural Gas-Fired
Dryers
Wylie, Collin County
Account ID No. CP-0214-J

Dear Mr. Ragsdill:

This is in response to your letter dated September 28, 1994 concerning the proposed installation of two aqueous washing machines with natural gas-fired dryers at your site in Wylie. After evaluation of the information which you have furnished, we have determined that your project is exempt from the permit procedures under Standard Exemption Nos. 7 and 42 if constructed and operated as described in your letter. These standard exemptions were authorized by the Executive Director pursuant to Texas Natural Resource Conservation Commission (TNRCC) Rule 116.211(a) of Regulation VI. Copies of the exemptions in effect at the time of this determination are attached. You must operate in accordance with all requirements of the enclosed standard exemptions.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all air quality Rules and Regulations of the TNRCC and of the U.S. Environmental Protection Agency (EPA) at all times.

If you have any questions concerning this exemption, please contact Mr. Joseph B. Weiner of our New Source Review Program at (512) 239-2619.

Sincerely,

James E. Crocker, P.E.
Manager, Combustion Section
