Re: Standard Exemption
Booth B-2
San Angelo, Tom Green County
Account ID No. TG-0154-R

Dear Mr. Fields:

This is in response to Jack Benton's letter dated January 27, 1994, concerning the referenced existing aviation paint booth. After evaluation of the information which you have furnished, we have determined that your booth is exempt from the permit procedures under Standard Exemption No. 75, effective July 26, 1985, if operated as described in your letter.

This standard exemption was authorized by the Executive Director pursuant to Texas Air Control Board (now known as the Texas Natural Resource Conservation Commission {TNRCC}) Regulation VI. A copy of the exemption in effect at that time is attached. You must operate in accordance with all requirements of the attached standard exemption.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all air quality Rules and Regulations of the TNRCC and of the U.S. Environmental Protection Agency (EPA) at all times.

If you have any questions concerning this exemption, please contact Mr. Lester Caldwell of our New Source Review Program.

Sincerely,

Victoria J. L. Hsu, P.E.
Manager, Coatings Section
