Re: Powder Coating System
Taylor, Williamson County

Dear Mr. Hutcherson:

This is in response to your letter dated February 4, 1994 concerning the proposed installation and operation of a Powder Coating System and Curing Oven. After evaluation of the information which you have furnished, we have determined that your project is exempt from the permit procedures under Standard Exemption No. 104 if constructed and operated as described in your letter. This standard exemption was authorized by the Executive Director pursuant to Texas Natural Resource Conservation Commission (TNRCC) Rule 116.211(a), 30 Texas Administrative Code §116 (commonly known as Regulation VI). A copy of the exemption in effect at the time of this registration is attached. You must operate in accordance with all requirements of the attached standard exemption.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all air quality Rules and Regulations of the TNRCC and of the U.S. Environmental Protection Agency at all times.

If you have any questions concerning this exemption, please contact Mr. Roberto Coronado of our New Source Review Program.

Sincerely,

Victoria J. L. Hsu, P.E.
Manager, Coatings Section
