Dear Mr. Mueller:

This is in response to your letter dated January 26, 1995 concerning the proposed installation of two steam heated tortilla chip cookers, three 5.1 MMBtu/hr tortilla chip ovens, two 8.5 MMBtu/hr tortilla chip cookers and two product coolers. After evaluation of the information which you have furnished, we have determined that your project is exempt from the permit procedures under Standard Exemption Nos. 32 and 106 if constructed and operated as described in your letter.

These standard exemption(s) were authorized by the Executive Director pursuant to Texas Natural Resource Conservation Commission (TNRCC) Rule 116.211(a) of Regulation VI. Copies of the exemption(s) in effect at the time of this determination are enclosed. You must operate in accordance with all requirements of the enclosed standard exemption(s).

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all air quality Rules and Regulations of the TNRCC and of the U.S. Environmental Protection Agency at all times.

If you have any questions concerning this exemption, please contact Mr. Richard Hyde of our New Source Review Program at (512) 239-1317.
