Re: Polyester Fiberfill Facility
Waco, McLennan County

Dear Mr. Hobbs:

This is in response to your letter dated June 3, 1993 concerning the proposed move of your polyester fiberfill facility to Waco, McLennan County. The information provided is not sufficient to determine if you qualify for Standard Exemption No. 118. I am enclosing a package of information on Standard Exemptions No. 7, 106 and 118 to help you in applying for these exemptions. The checklists should help you in determining if you qualify for Standard Exemptions 106 and/or 118. Be sure to include information on all compounds emitted from your process to ensure the reviewing engineer can determine if you qualify.

If you have any questions concerning this exemption, please contact Mr. Jim Linville of our Permits Program.

Sincerely,

James E. Crocker, P.E.
Director, Combustion Division
Permits Program
