Dear Mr. Boucard:

Your application for a permit is under review. The Texas Clean Air Act and Texas Natural Resource Conservation Commission (TNRCC) Rule 116.131 of Regulation VI require that you provide public notification as follows:

2. Post notice at the proposed site in accordance with 116.133; refer to the enclosed Example C;
3. Provide copies of the publication to agencies and certify that signs have been posted in accordance with 116.134; refer to the enclosed Notification List and Certification Form; and
4. You may also be required to publish notice in an alternate language newspaper; refer to the enclosed Bilingual Notice Requirements and Bilingual Notice Certification form. Spanish versions of Examples A and B may be available upon request by contacting **Mr. Dois Webb** of the Office of Air Quality New Source Review Program.

Please proceed with these notification procedures within two weeks. Failure to proceed and furnish copies of correct publications to the TNRCC and other agencies can result in your application being voided. If you have any questions concerning these requirements, please contact us.

Sincerely,

Anthony C. Grigsby
