Dear Mr. Rodas:

The Texas Commission on Environmental Quality (TCEQ) has reviewed the Drinking Water Survey Report, dated June 3, 2022, for the above-referenced storage tank site. Based on the information provided, there does not appear to be any private drinking water supply wells or public water supply wells within 0.25-mile of the site. **Therefore, no notifications for Texas Water Code (TWC) 26.408(b) or TWC 5.236 purposes are required.**

Should you have any questions, please contact me at [kim.fross@tceq.texas.gov](mailto:kim.fross@tceq.texas.gov) or (512) 239-5861. Your cooperation in this matter is appreciated.

Sincerely,
