Dear Mr. Patel:

The Texas Commission on Environmental Quality (TCEQ) has reviewed and accepts the Drinking Water Survey Report dated December 16, 2022. The survey concludes that all properties within a 0.5-mile radius of the subject site are currently supplied with municipal water from the City of Freeport.

The survey also indicates that no public or private water wells are located within a 0.5-mile radius of the site; therefore 26.408 and 5.236 notifications do not apply. Should you have any questions, please contact me at (512) 239-5009 or via email at todd.hammitt@tceq.texas.gov. We appreciate your continued cooperation in the matter.

Sincerely,

A handwritten signature in blue ink that reads "Todd Hammitt".
