**Re: Martin Marietta Materials Southwest, LLC  
Permit by Rule Registration 30 TAC 106.261  
168238  
CN606114726  
RN102286184**

Dear Permit Engineer:

Martin Marietta is applying for an alteration to air permit 168238. The facility is adding stockpile acreage for the production of limestone rip rap and is changing the process by which the rip rap is made. Previously a rotating trommel screen was used. This equipment has been removed from the property and the site will now be using stationary grizzly screens

The attached registration submittal includes TCEQ form emissions calculations, process description, process diagram, plot plan, and aerial map.

In reference to the above request, or any other questions relating to this matter, please contact me either by phone (972) 647-3742 or by email at [jesse.martindale@martinmarietta.com](mailto:jesse.martindale@martinmarietta.com).

Sincerely,

A handwritten signature in blue ink that reads 'Jesse Martindale'.

Jesse Martindale  
Sr. Environmental Engineer
