## TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

*Protecting Texas by Reducing and Preventing Pollution*

July 9, 2024

MR KYLE SHARON  
VICE PRESIDENT AND GENERAL MANAGER  
VALERO REFINING-TEXAS LP  
1147 CANTWELL LN  
CORPUS CHRISTI TX 78407-1705

Re: Errata-Draft Federal Operating Permit Approval and Public Notice Authorization  
Significant Revision  
Permit Number: O1458  
Valero Refining-Texas, L.P.  
Valero Corpus Christi Refinery West Plant  
Corpus Christi, Nueces County  
Regulated Entity Number: RN100214386  
Customer Reference Number: CN600127468

Dear Mr. Sharon:

A draft federal operating permit (FOP) and authorization for public notice was sent to you for the above-referenced site on June 19, 2024. The Texas Commission on Environmental Quality (TCEQ) was notified on July 3, 2024, that the public notice contact person is Mr. Marin Maldonado at (361) 289-3282. The revised notice for newspaper publication is enclosed with the change underlined. Incorporate the change into the notice sent on June 19, 2024.

The notice should still be published as soon as practical, but no later than 30 calendar days after June 19, 2024.

Thank you for your cooperation in this matter. If you have any questions regarding publication requirements, please contact the TCEQ, Office of the Chief Clerk at (512) 239-3300. If you have any other questions, please contact Ms. Camilla Widenhofer at (512) 239-1028.

Sincerely,

A handwritten signature in black ink that reads "Jesse E. Chacon". The signature is written in a cursive style with a large initial "J".

Jesse E. Chacon, P.E., Manager  
Operating Permits Section  
Air Permits Division  
Texas Commission on Environmental Quality

cc: Mr. Marin Maldonado, Staff Environmental Engineer, Valero Refining-Texas, L.P., Corpus Christi  
Mr. Adam Smith, Director of Refinery Operations, Valero Refining-Texas, L.P., Corpus Christi  
Air Section Manager, Region 14 - Corpus Christi

Enclosed: Revised Notice of Draft Federal Operating Permit

## REVISED NOTICE OF DRAFT FEDERAL OPERATING PERMIT

### TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

#### Notice of Draft Federal Operating Permit

Draft Permit No.: O1458

**Application and Draft Permit.** Valero Refining-Texas, L.P., 1147 Cantwell Ln, Corpus Christi, TX 78407-1705, has applied to the Texas Commission on Environmental Quality (TCEQ) for a significant revision of Federal Operating Permit (herein referred to as Permit) No. O1458, Application No. 34304, to authorize operation of the Valero Corpus Christi Refinery West Plant, a Petroleum Refineries facility. The area addressed by the application is located at 5900 Up River Rd in Corpus Christi, Nueces County, Texas 78407-1001. This application is being processed in an expedited manner, as allowed by the commission's rules in 30 Texas Administrative Code, Chapter 101, Subchapter J. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to the application. You can find an electronic map of the facility at: <https://gisweb.tceq.texas.gov/LocationMapper/?marker=-97.489166,27.815&level=13>. This application was received by the TCEQ on September 29, 2022. The significant revision will result in a change of emissions for the following air pollutant(s): Carbon Monoxide: Increase, Nitrogen Oxide: Increase, Particulate Matter: Increase, Volatile Organic Compounds: increase, Sulfur Dioxide: increase, Hydrogen Sulfide: Increase.

The purpose of a federal operating permit is to improve overall compliance with the rules governing air pollution control by clearly listing all applicable requirements, as defined in Title 30 Texas Administrative Code § 122.10 (30 TAC § 122.10). The draft permit, if approved, will codify the conditions under which the area must operate. The permit will not authorize new construction. The executive director has completed the technical review of the application and has made a preliminary decision to prepare a draft permit for public comment and review. The executive director recommends issuance of this draft permit. The permit application, statement of basis, and draft permit will be available for viewing and copying at the TCEQ Central Office, 12100 Park 35 Circle, Building E, First Floor, Austin, Texas 78753; the TCEQ Corpus Christi Regional Office, 500 North Shoreline Boulevard, Suite 500, Corpus Christi, Texas 78401-0318; and the Corpus Christi Central Library, 805 Comanche St, Corpus Christi, Texas 78401-2715, beginning the first day of publication of this notice. The draft permit and statement of basis are available at the TCEQ Website:

[www.tceq.texas.gov/goto/tvnotice](http://www.tceq.texas.gov/goto/tvnotice)

At the TCEQ central and regional offices, relevant supporting materials for the draft permit, as well as the New Source Review permits which have been incorporated by reference, may be reviewed and copied. Any person with difficulties obtaining these materials due to travel constraints may contact the TCEQ central office file room at (512) 239-2900.

**Public Comment/Notice and Comment Hearing.** Any person may submit written comments on the draft permit. Comments relating to the accuracy, completeness, and appropriateness of the permit conditions may result in changes to the draft permit.

**A person who may be affected by the emission of air pollutants from the permitted area may request a notice and comment hearing.** The purpose of the notice and comment hearing is to provide an additional opportunity to submit comments on the draft permit. The permit may be changed based on comments pertaining to whether the permit provides for compliance with 30 TAC Chapter 122 (examples may include that the permit does not contain all applicable requirements or the public notice procedures were not satisfied). The TCEQ may grant a notice and comment hearing on the application if a written hearing request is received within 30 days after publication of the newspaper notice. The hearing request must include the basis for the request, including a description of how the person may be affected by the emission of air pollutants from the application area. The request should also specify the conditions of the draft permit that are inappropriate or specify how the preliminary decision to issue or deny the permit is inappropriate. All reasonably ascertainable issues must be raised and all reasonably available arguments must be submitted by the end of the public comment period. If a notice and comment hearing is granted,

all individuals that submitted written comments or a hearing request will receive written notice of the hearing. This notice will identify the date, time, and location for the hearing.

**Written public comments and/or requests for a notice and comment hearing should be submitted to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087, or electronically at [www14.tceq.texas.gov/epic/eComment/](http://www14.tceq.texas.gov/epic/eComment/) and be received within 30 days after the date of newspaper publication of this notice.** Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record.

**A notice of proposed final action that includes a response to comments and identification of any changes to the draft permit will be mailed to everyone who submitted public comments, a hearing request, or requested to be on the mailing list for this application.** This mailing will also provide instructions for public petitions to the U.S. Environmental Protection Agency (EPA) to request that the EPA object to the issuance of the proposed permit. After receiving a petition, the EPA may only object to the issuance of a permit which is not in compliance with the applicable requirements or the requirements of 30 TAC Chapter 122.

**Mailing List.** In addition to submitting public comments, a person may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address above. Those on the mailing list will receive copies of future public notices (if any) mailed by the Chief Clerk for this application.

**Information.** For additional information about this permit application or the permitting process, please contact the Texas Commission on Environmental Quality, Public Education Program, MC-108, P.O. Box 13087, Austin, Texas 78711-3087 or toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained for Valero Refining-Texas, L.P. by calling Mr. Marin Maldonado at (361) 289-3282.

Notice Issuance Date: June 17, 2024
