Thanks Hope,

I was able to briefly connect with Trevor late yesterday and he confirmed that the project was never built and that no permit renewals are necessary. Thank you again for looking into this.

@Bryan Stockton let us know how you would like to proceed with the response letter.

Hi Carl,
Yes, that's correct.

Apparently at some point Lincoln Clean Energy was developing a gas plant (news to me!) – I found the docs on Box here: <https://orstedonshore.box.com/s/guk90891sazoo55fj9l80xygg9otg5u0>

Apparently those plans were abandoned, and Legal was asked to dissolve the entity in 2020. I have no further information. Looks like Trevor was heavily involved in this project so if you have further questions or want to double-confirm that we can void this permit or allow it to lapse, you should reach out to him.

Subject: FW: *****PLEASE RESPOND*****Renewal Notification for Permit 122003

Hi Hope,

Thank you for your education on the Rockwood Energy Center, LLC project. Based on our conversation, this project was dissolved in Feb/March 2020 and it is your opinion that no further action is needed regarding the permit renewal. Per your request, I have attached the renewal notification for your records.

@Bryan Stockton since the project was dissolved in 2020, a permit renewal is not needed. Please advise if I (or Ellen) should respond to TCEQ or if you and your team would handle the response.

Best regards,
Carl Poole

Carl:
Could you see if this facility (formerly of Lincoln) is one of ours? I don't recognize the name. The TCEQ website makes it sound like a fossil plant.

Thanks!
Bryan

Bryan, any idea who to route this to? I think it's an onshore air permit in Texas for one of our facilities

Mr. O'donovan,

The attached renewal notification letter contains information of the upcoming deadline to apply for renewal. **Please reply to this email to confirm receipt of the renewal notification letter. A reply confirmation will improve efficiency and prevent a hard copy of the letter from having to be sent by certified mail.**

Should you have any questions, please call 512-239-1250 and ask for a member of the Air Permits Initial Review Team (APIRT) or via email at apirt@tceq.texas.gov.

Thank you!

Hi Johnny,

Those two individuals no longer work here so please use my info if you need an officer/someone with signing authority:

Name: Trevor Sholly
Title: Head of Onshore Project Execution
Phone: 737-666-5245
Address: 812 San Antonio Street, Suite 500, Austin, TX 78701
Email: trsho@orsted.com

I don't think we have a fax number these days so hopefully that isn't needed!

Have a great weekend and thank you.

Best regards,
Trevor Sholly

Subject: RE: STEERs Void Permit information

Good morning Mr. Bowers,

Thank you for taking my call this morning. As discussed, I'm in the process of voiding out TCEQ Permit No. 122003 and have been issued application reference number: 672109. For clarity/justification for the permit being voided, Ørsted acquired Lincoln Clean Energy, LLC and the plans to construct were abandoned and the entity was dissolved in 2020. No construction or actions were taken on the permit. Please see the attached internal correspondence supporting this statement for your records.

Currently my account is not set up for signature and to change my permissions will exceed the time

needed to cancel/void the permit. Therefore, per our conversation, can you proceed with closing out the permit on your end and let me know if any additional information is needed on my end? Again, thank you for your support in this matter and I hope you have a restful weekend.

Best regards,

Carl Poole

Subject: STEERs Void Permit information

Good Afternoon,

Below is information on how to void your permit. Here is a [link](#) to a web page that as guidance and video's to show you have to generate a STEERs account.

You can void the permit in STEERs by navigating to the Air NSR section and selecting the first bullet as show below. You can then select to void the permit.

Select One Application Type:

☒ Air New Source Review (NSR) Administrative Action(s)

☐ Air New Source Review (NSR) Change of Ownership

☒ Air New Source Review (NSR) Void Permit

☐ New Source Performance Standard (NSPS-OOOO)

☐ General MSS Registrations and Other APD Certifications

☐ Notifications and registrations for Barnett Shale (BSH)

☐ Registrations for Permits By Rule

☐ Registrations for a Standard Permit

☐ Case by Case

Activities

Next

Thanks,
