Re: Standard Permit Registration Renewal Notification

Dear Mr. Breitling:

Section 382.055 of the Texas Clean Air Act, Texas Health and Safety Code, Chapter 382, and Title 30 Texas Administrative Code (30 TAC) § 116.604, requires the Texas Commission on Environmental Quality (TCEQ) to notify the permit holder when a standard permit registration is scheduled for renewal. The following registration is set to expire on June 11, 2024:

**Company Name** - Colt G & P (North Texas) L.P.

**Customer Reference No.** - CN603042623

**Regulated Entity No.** - RN100226414

**Registration No.** - 72046

**Registration Expiration Date** - June 11, 2024

Please apply for review of your standard permit registration renewal no later than December 11, 2023. If Standard Permit Registration Number 72046 is no longer needed (i.e.; permit consolidation, plant dismantled or shutdown, etc.) then complete a void request in STEERS ePermits at [www3.tceq.texas.gov/steers/](http://www3.tceq.texas.gov/steers/). If renewing the registration, please submit the applicable Air Standard Permit Application located at [www.tceq.texas.gov/permitting/air/nav/standard.html](http://www.tceq.texas.gov/permitting/air/nav/standard.html). Please furnish all information as indicated in the forms and instructions. The application for renewal registration and other forms can be found at the TCEQ web site [www.tceq.texas.gov/search\\_forms.html](http://www.tceq.texas.gov/search_forms.html).

In addition, please review your TCEQ Core Data Form (Form No. 10400) and update as needed. A standard permit fee as required by 30 TAC § 116.614 must also be submitted with this application. After receipt of a completed application, you will be notified of the requirements and procedures for public notification.
