Re: Effective Federal Operating Permit and Acid Rain Permit Approval
Renewal
Permit Number: O38
Expiration Date: November 20, 2029
Oklaunion Industrial Park, LLC
Oklaunion Power Station
Vernon, Wilbarger County
Regulated Entity Number: RN101062255
Customer Reference Number: CN605853951

Dear Mr. Wind:

The effective federal operating permit (FOP) and acid rain permit for Oklaunion Industrial Park, LLC, Oklaunion Power Station is enclosed. This FOP constitutes authority to operate the emission units identified in the FOP application.

All site operating permits are subject to public petition for 60 days following the expiration of the 45-day U.S. Environmental Protection Agency (EPA) review. The public petition period for the FOP extends from November 9, 2024 until January 7, 2025. If the EPA receives a valid petition and objects to the above-referenced permit, you will be notified promptly by the Texas Commission on Environmental Quality (TCEQ).

It should be noted that from the date of this letter Oklaunion Industrial Park, LLC, Oklaunion Power Station must operate in accordance with the requirements of Title 30 Texas Administrative Code Chapter 122 (30 TAC Chapter 122) and the FOP. Some of the terms and conditions contained in the FOP include recordkeeping conditions, reporting conditions (which includes deviation reporting), and compliance certification conditions. All reports, along with any questions regarding the reports, shall be forwarded to the Texas Commission on Environmental Quality, Abilene Regional Office, 1977 Industrial Boulevard, Abilene, Texas 79602-7833.

Consistent with 30 TAC Chapter 122, Subchapter C, the permit holder shall submit an application to the Air Permits Division (APD) for a revision to an FOP for those activities at a site which change, add, or remove one or more FOP terms or conditions. The permit holder shall also submit an application to the APD for a revision to a permit to address the following: the adoption of an applicable requirement previously designated as federally enforceable only; the promulgation of a new applicable requirement; the adoption of a new state-only requirement; or a change in a state-only designation.

Consistent with 30 TAC §122.133 and 30 TAC §122.134, a complete renewal application must be submitted to the agency no later than six months, but no earlier than 18 months, before the expiration of this permit.
