Re: General Operating Permit Authorization to Operate
Revision
Permit Number: O4373
Expiration Date: July 8, 2027
EagleClaw Midstream Ventures, LLC
Cover Compressor Station
Toyah, Reeves County
Regulated Entity Number: RN109429274
Customer Reference Number: CN604921882

Dear Mr. Wise:

After reviewing your revision application, the Texas Commission on Environmental Quality (TCEQ) executive director has determined that the emission units identified at the Cover Compressor Station qualify for the Oil and Gas General Operating Permit (GOP) Number 514, if operated as represented in your application. This letter serves to authorize EagleClaw Midstream Ventures, LLC, Cover Compressor Station, to continue operating the emission units identified in the GOP application, under the provisions of GOP Number 514. This authorization is granted based on the information provided in your application. In the event the agency subsequently determines that the emission units do not qualify for the GOP or are not operating in compliance with the GOP, enforcement action may be initiated.

From the date of this letter, EagleClaw Midstream Ventures, LLC, Cover Compressor Station, must continue operating in accordance with the requirements of Title 30 Texas Administrative Code Chapter 122 (30 TAC Chapter 122), including the permit conditions contained in 30 TAC §§ 122.143 - 122.146. Some of the conditions contained in 30 TAC §§ 122.143 - 122.146 include recordkeeping conditions, reporting conditions (which includes deviation reporting), and compliance certification conditions. All reports and any questions regarding the reports should be forwarded to the Texas Commission on Environmental Quality Midland Regional Office, 10 Desta Drive, Suite 350E, Midland, Texas 79705-4530.

Any documents submitted to the TCEQ regarding the application should be accompanied by a cover letter which identifies the following information: company name, primary TCEQ regulated entity number, site name, area name (if applicable), and federal operating permit (FOP) number.

The permit holder must submit an updated application to the TCEQ executive director for changes at the site according to 30 TAC § 122.503. If the provisions of GOP Number 514 are revised, repealed, or rescinded, the permit holder must submit appropriate application information within 90 days according to 30 TAC § 122.504.

The revision to your application does not affect the issuance date of your authorization to operate. A renewal application must be submitted to the agency no later than six months, but no earlier than

Mr. Lane Wise

18 months, before the expiration of the authorization to operate under GOP Number 514. The TCEQ executive director will determine if renewal authorization should be granted according to 30 TAC § 122.505.

Please maintain a copy of this letter, the application, and a copy of GOP Number 514 at KINETIK/EagleClaw Midstream Ventures, LLC, 303 Veterans Airpark Ln Ste 2000, Midland, Texas 79705-4590. Thank you for your cooperation and assistance in this matter. If you have questions concerning the review, or this notice, please contact Mr. Kyle Murray at (512) 239-1830.

This action is taken under authority delegated by the Executive Director of the TCEQ.

Sincerely,

A handwritten signature in black ink that reads "Jesse E Chacon". The signature is fluid and cursive, with the first name "Jesse" being the most prominent part.

Jesse E. Chacon, P.E., Manager
Operating Permits Section
Air Permits Division
Texas Commission on Environmental Quality

cc: Mr. John Wilder, Director of Environmental Compliance, KINETIK, Midland
Mr. Richard A. Smith, Director of Field Operations, EagleClaw Midstream Ventures, LLC, Midland
Air Section Manager, Region 7 - Midland
